## PREFACE

The 2015 edition of Laws of the State of Maine is the official publication of the session laws of the State of Maine enacted by the 127th Legislature and is compiled and published under the authority of the Maine Revised Statutes, Title 3, section 163-A. Laws of the State of Maine has been in continuous publication since 1820, when the acts and resolves adopted by the First Legislature were published by the Secretary of State under the authority of Resolve 1820, chapter 25.

Volume 1 contains the public laws, private and special laws and resolves enacted at the First Regular Session of the 127th Legislature, followed by the 2013 Revisor's Report, chapter 2 and a selection of significant addresses, joint resolutions and memorials.

Additional volumes of the 2015 Laws of the State of Maine will contain those measures adopted in the Second Regular Session and any special session of the 127th Legislature.

The following conventions are used throughout the series.

1. At the top of each page is a heading that classifies each law by session of passage, year, type and chapter number.
2. A table of contents that locates major divisions and contents by page number is located at the beginning of each volume.
3. An individual subject index of the documents contained in these volumes, arranged alphabetically by subject heading with corresponding chapter numbers, is located at the end of volume 1.
4. Session cross-reference tables are also provided at the end of volume 1 showing how unallocated public laws, laws exempted in previous revisions and titles and sections of the Maine Revised Statutes of 1964 have been affected by the laws included in this publication.
5. Words and phrases deleted from the statutes are shown struck through. When an entire section or larger segment is repealed, the text that is repealed is not shown struck through, but its repeal is indicated by express language.
6. When new words or sections are added to the statutes, they are underlined.
7. A chaptered law's Legislative Document number is printed beneath its chapter number heading, indicating the source of the chapter.
8. The effective date for Maine laws is provided for in the Constitution of Maine, Article IV, Part Third, Section 16, which specifies that, except for certain emergency legislation, an act or resolve enacted into law takes effect 90 days after the adjournment of the session in which it passed. The general effective date of nonemergency laws passed at the First Regular Session of the 127th Legislature is October 15, 2015. The effective dates of emergency legislation vary and are provided at the ends of the chapters that were enacted as emergencies.

Copies of a specific chaptered law may be obtained by contacting the Engrossing Division of this office. Laws of the State of Maine is also available online through the website of the Office of the Revisor of Statutes at <http://www.mainelegislature.org/ros/LOM/lomdirectory.htm>.

This edition of Laws of the State of Maine and its predecessors have been prepared for the convenience of the people of the State of Maine, and any comments or suggestions for improvements in subsequent editions would be appreciated.

**An Act Regarding Educator Effectiveness**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the United States Department of Education requires that revisions be made to the Maine Revised Statutes, Title 20-A, sections 13704 and 13706 and that corresponding amendments to Maine Department of Education Rule Chapter 180 be in effect by March 15, 2015 in order to be in compliance with the federal Elementary and Secondary Education Act of 1965; and

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 20-A MRSA §13704, sub-§3, ¶A,** as enacted by PL 2011, c. 635, Pt. A, §3, is amended to read:

A. The rating must be based on standards of professional practice and measures of educator effectiveness. The proportionate weight of the standards and the measures is a local decision, but measurements of student learning and growth must be a significant factor in the determination of the rating of an educator. School administra-

tive units shall use state assessment growth data for English language arts, literacy and mathematics as at least one measure of the performance of English language arts and mathematics teachers in tested grades and as a measure for the performance of principals.

An educator whose summative effectiveness rating indicates ineffectiveness must receive an annual summative effectiveness evaluation and rating until the rating improves.

An individualized education plan may not be used to measure student growth for the purposes of teacher and principal evaluation, but an individualized education plan may be a source of evidence from which learning objectives and learning targets may be developed.

**Sec. 2. 20-A MRSA §13706,** as enacted by PL 2011, c. 635, Pt. A, §3, is amended to read:

**§13706. Rules**

The department shall adopt rules to implement this chapter, including but not limited to a rule relating to the method of identifying the educator or educators whose effectiveness ratings are affected by the measurement of learning or growth of a particular student. The department shall also adopt rules pertaining to the approval of performance evaluation and professional growth systems pursuant to section 13702. The department shall also adopt rules pertaining to the ongoing monitoring of the implementation and results of district performance evaluation and professional growth systems. Rules adopted pursuant to this section are major substantive rules pursuant to Title 5, chapter 375, subchapter 2-A.

**Sec. 3. Amendment of rule.** The Department of Education shall amend portions of Rule Chapter 180: Performance Evaluation and Professional Growth Systems as follows.

2. In section 2, subsection 10, language must be added to the definition of "principal" to provide that "principal" means a person who supervises teachers in delivering the instructional program of a school. The phrase "serving in a position that requires certification under State Board of Education Rule Chapter 115, Part II, Section 4.5, 4.6 and 4.7" must be moved to the end of subsection 10.
3. In section 2, subsection 12, the definition of school administrative unit must be amended to include charter schools.
4. In section 4, subsection 2, the following changes must be made to the requirements of a performance evaluation and professional growth system plan:

- A. In subsection 2, paragraph C, student learning and growth measures must be removed as a requirement and replaced with a system for the selection, development, review and approval of individual educators' student learning and growth measures, including an explanation of how the student learning and growth measurement is a significant factor in the determination of the summative effectiveness rating of an educator in accordance with the provisions in section 7, subsection 1;
- B. In subsection 2, paragraph F, a description of the 4 rating categories must be changed to the 4 summative effectiveness rating categories; and
- C. A provision must be added providing that department approval is also contingent upon evidence of adoption of the system by the school board.

7. Section 7, subsection 2, paragraph A must be clarified so that a teacher is a "teacher of record" for a student only if, for any student growth measure, the student meets the criteria in subsection 2, paragraph A.
8. In section 7, subsection 2, paragraph A, a provision must be added providing that a student's academic performance may be attributed to more than one teacher of record, as long as the criteria in subparagraphs (1) to (3) are met for each teacher. The current language regarding a student's academic performance being attributable to more than one teacher must be deleted.
9. In section 7, subsection 2, paragraph B, a sentence must be added providing that nothing in section 7 prohibits collaboration in establishing and monitoring the list of students for whom the teacher will be the teacher of record.
10. In section 7, subsection 3, paragraph A, the criterion requiring that a student learning and growth measure must measure student growth in achievement, and not solely the level of achievement, must be removed and replaced with a criterion requiring that a student learning and growth measure must measure a change in a student's knowledge or skills between 2 points of time during which an educator has influence.
11. Section 7, subsection 3, paragraph B must provide that multiple measures of student learning and growth must be factored into the summative effectiveness rating of an educator and the sentence regarding reference to large-scale, norm-referenced standardized tests must be replaced with a provision requiring that, at a teacher's discretion, large-scale standardized tests may be the sole type of student learning and growth measures used in a summative effectiveness rating.
12. In section 7, subsection 3, paragraph C, the word "subject" must be changed to "knowledge and skills" and the word "pre-assessment" must be changed to "comparable pre-assessment."

14. Section 7, subsection 4 must be deleted and replaced with a provision requiring that school administrative units must use a student learning objective framework or comparable structure to develop and record student learning and growth measures, and the school administrative unit must establish in its PEPG system handbook criteria for:
- A. The identification of content standards;
  - B. The selection of assessments;
  - C. Setting growth targets, if applicable;
  - D. The size of an instructional cohort; and
  - E. The length of the instructional interval of time.
15. In section 7, a new subsection must be added after subsection 5 with a provision regarding the use of state assessment results for tested subjects and grades that provides that the Maine Educational Assessment for Mathematics and English Language Arts/Literacy State Assessment results must be used as one measure of student learning and growth for teachers in the corresponding grades and subjects. These results must:
- A. Be attributed to teachers of record in accordance with the criteria for a teacher of record in section 7, subsection 2; and
  - B. Be used in such a way that they meet the criteria for permissible measures in section 7, subsection 3.
16. In section 11, subsection 3, paragraph A, a requirement that evaluators must complete training in providing meaningful feedback on instructional practice must be added.
17. Section 12, subsection 1, paragraph D must be deleted and replaced with a provision that provides if the stakeholder group fails to reach consensus on the issue of the proportionate weight of student learning and growth measures by July 15, 2015, the proportion-

ate weight of student learning and growth measures in that school administrative unit must be 20%.

18. In section 12, subsection 1, paragraph E, the date established regarding the stakeholder group failure to reach consensus on any issue in addition to the proportionate weight of student learning and growth measures must be changed from June 1, 2015 to July 15, 2015.

19. In section 13, a new subsection must be added regarding professional growth plans and must provide that an educator who receives a summative effectiveness rating higher than ineffective must develop a professional growth plan that is based on clearly articulated goals related to targeted areas of practice and student performance.

20. The text of section 14 must be moved to section 13 and identified as subsection 2.

21. Except for language containing the purpose of the pilot project and the provision providing that data from a pilot project must be used to inform potential refinement and improvement of the system, section 15 must be replaced with the following provisions:

A. Evidence and data collected during the pilot year may be used to inform professional growth plans and differentiated evaluation cycles beginning during the first year of implementation, but performance ratings assigned during the pilot year may not be used in any action related to employment or compensation of an educator; and

B. A school administrative unit shall design a pilot project for the purpose of testing technical aspects of the system, determining the value of its elements and identifying problems. The pilot project must include student growth measures based on state assessments in English language arts and literacy and mathematics and a portion of the district-defined growth measures intended for use in content areas other than English language arts and literacy and mathematics. The school administrative unit shall ensure that the local steering committee is formed before the pilot project begins and must ensure that the steering committee develops a plan for monitoring and evaluating the results of the pilot project.

22. In section 16, a provision must be added providing that the department shall implement a system of monitoring and providing feedback and support based on information gathered through the monitoring system. Ongoing monitoring will include the collection of data including but not limited to:

### An Act To Create an Elver Exporter's License

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** exporters of elvers caught in the State are not currently required to hold a license to do so; and

**Whereas,** the lack of an elver exporter's license provides opportunity for the transport of elvers that may have been caught in violation of state law, and the high value of elvers provides an incentive to engage in this practice; and

**Whereas,** the requirement that elver exporters hold an elver exporter's license will improve the ability of the Department of Marine Resources to better enforce all elver fishing laws; and

**Whereas,** this legislation must take effect before the expiration of the 90-day period in order to take effect before the end of the elver fishing season; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Sec. 4. 12 MRSA §6864, sub-§7-B** is enacted to read:

**7-B. Use of elver dealer transaction card required.** The department shall issue to a dealer licensed under this section an elver dealer transaction card for each dealer license and for each supplemental license to record all sales, purchases and transportation of elvers. The elver dealer's license holder must identify authorized representatives on forms provided by the department.

**11. Shipment or transport of elvers outside state limits.** A person who holds an elver dealer's license or the elver dealer's license holder's authorized representative under subsection 9 who is licensed under section 6865, subsection 9 must transport elvers to a permanent facility identified on the license holder's license prior to ~~shipping or transporting~~ the elvers being transported outside state limits.

**Whereas**, many of the State's vocational and technical schools provide commercial driver education instruction and programs to residents under 18 years of age, which allows them to obtain their commercial license upon reaching 18 years of age and which allows them to gain employment in the trucking industry upon reaching the age of majority; and

If a report is made, the observer shall report the time and the location of the violation and the registration plate number and a description of the vehicle involved. The officer shall initiate an investigation of the reported violation and, if possible, contact the registered owner of the motor vehicle involved and request that the registered owner supply information identifying the operator. Testimony under oath with clear photographic evidence from a person with a disability or the driver of a vehicle transporting a person with a disability that a vehicle was parked in violation of this subsection is prima facie evidence of a violation of this subsection. For purposes of this paragraph, "person with a disability" has the same meaning as in subsection 1.

B. The investigating officer may cause the registered owner of the vehicle to be served with a summons for a violation of this subsection.

C. Except as provided in paragraph D, it is not a defense to a violation of this subsection that a registered owner was not operating the vehicle at the time of the violation.

D. The following are defenses to a violation of this subsection.

- (1) If a person other than the owner is found to be operating the vehicle at the time of the violation and is adjudicated of violating subsection 9-A, then the registered owner may not be found in violation of this subsection.
- (2) If the registered owner is a lessor of vehicles and at the time of the violation the vehicle was in the possession of a lessee, and the lessor provides the investigating officer with a copy of the lease agreement containing the information required by section 254, then the lessee and not the lessor may be charged under this subsection.
- (3) If the vehicle is operated using a dealer or transporter registration plate and at the time of the violation the vehicle was operated by any person other than the dealer or transporter, and if the dealer or transporter pro-

vides the investigating officer with the name and address of the person who had control over the vehicle at the time of the violation, then that person and not the dealer or transporter may be charged under this subsection.

(4) If a report that the vehicle was stolen is given to a law enforcement officer or agency before the violation occurs or within a reasonable time after the violation occurs, then the registered owner may not be charged under this subsection.

E. A person who violates this subsection is subject to a fine of not less than \$200 and not more than \$500.

Tax Liens**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the property tax year begins April 1st; and

**Whereas,** in order to allow municipalities sufficient time to determine whether to refund any excess funds to a former owner of property foreclosed on by a municipality, this legislation needs to take effect as soon as possible; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

The ordinance must contain standards governing the disbursement of the excess of any funds and the procedures

that protect the interests of the taxpayers of the municipality.

**2. Definitions.** As used in this section, unless the context otherwise indicates, the following terms have the following meanings.

**A. "Excess of any funds"** means the amount obtained by the municipality for the disposition of the property less:

**An Act To Amend the Laws  
Related to Public Funding of  
Charter Schools**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** implementation of Maine's recently enacted charter school law has resulted in substantial

budgetary challenges for certain school administrative units that are located within the catchment areas of public charter schools recently approved by the Maine Charter School Commission; and

**Whereas**, these challenges demonstrate the need for more timely and transparent funding provisions enacted as part of the education statutes related to public charter schools authorized and approved by the Maine Charter School Commission; and

**Whereas**, the funding mechanism proposed by this Act must be initiated as soon as possible in order to enable school boards to make practicable budgetary decisions that will not be constrained by funding reductions that result from students enrolling in public charter schools after school administrative units have approved their budgets for the 2015-2016 school year; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 20-A MRSA §2405, sub-§4**, as amended by PL 2011, c. 570, §§5 and 6, is further amended to read:

- B. The performance of all operating public charter schools overseen by the authorizer, according to the performance measures and expectations specified in the charter contracts;
- C. The status of the authorizer's public charter school portfolio of approved charter applications, identifying all public charter schools within that portfolio as:
  - (1) Approved, but not yet open;
  - (2) Operating;
  - (3) Renewed;
  - (4) Transferred;
  - (5) Terminated;
  - (6) Closed; or
  - (7) Never opened;

D. The oversight and services provided by the authorizer to the public charter schools under the authorizer's purview; and

E. The total amount of funds collected from each public charter school the authorizer authorized pursuant to subsection 5, paragraph B and the costs incurred by the authorizer to oversee each public charter school.

**Sec. 2. 20-A MRSA §2407, sub-§5, ¶C**, as amended by PL 2013, c. 272, §1, is further amended to read:

C. Within 10 days of rendering a decision on an application, the authorizer shall report to the commissioner and the Legislature the action it has taken. The authorizer shall provide a copy of the report to the applicant at the same time that the report is submitted to the commissioner and the Legislature.

**Sec. 3. 20-A MRSA §2411, sub-§7**, as enacted by PL 2011, c. 414, §5, is amended to read:

**7. Notification to commissioner and the Legislature.** Within 10 days of taking action to renew, not renew or revoke a charter under this section, the authorizer shall report to the commissioner and the Legislature the action taken and shall provide a copy of the report to the public charter school at the same time that the report is submitted to the commissioner and the Legislature. The report must include a copy of the governing entity of the authorizer's resolution setting forth the action taken and reasons for the decision.

**Sec. 4. 20-A MRSA §2413, sub-§3** is enacted to read:

**3. Funding for public charter schools authorized by the commission.** Beginning with fiscal year 2015-16, this section no longer applies to public charter schools authorized by the commission.

**Sec. 5. 20-A MRSA §2413-A** is enacted to read:

**§2413-A. Funding for public charter schools authorized by the commission**

Beginning with fiscal year 2015-16, this section applies to public charter schools authorized by the commission.

**1. Pupil count.** Students enrolled in and attending public charter schools must be reported to the department, for attendance and funding purposes, as provided in section 15683-B, subsection 2 and department rules amended or adopted pursuant to this chapter.

**2. Revenue provisions.** State allocation funds follow each student to the public charter school attended by the student.

A. For each public charter school, the total allocation must be determined as follows.

(1) The total allocation must be calculated pursuant to section 15683-B, based on the student's grade level and adjusted as appropriate for economically disadvantaged students and limited English proficiency students pursuant to section 15675, subsections 1 and 2. Debt service and capital outlays may not be included in the calculation of these allocations. The department shall adopt rules governing how to calculate per-pupil allocations, including those for targeted funds for assessment, technology and kindergarten to grade 2 programs.

(2) For students attending public charter schools, the payments for public charter schools must be made pursuant to section 15683-B, subsection 6.

(3) For transportation expenses, the transportation operating allocation must be the state-wide per-pupil essential programs and services transportation operating allocation multiplied by pupil counts determined under section 15683-B, subsection 2, paragraph A multiplied by the percentage established by the commission for the public charter school based on the cost of transportation services provided by the public charter school to the student, but not to exceed 100%.

(4) The department shall pay to the public charter school any additional allocation assigned to the public charter school for gifted and talented students pursuant to section 15681-A, subsection 5 in the year in which the allocation is assigned.

B. The following provisions govern special education funding.

(1) For each enrolled special education student, a public charter school must receive the average additional allocation calculated by the department under section 15681-A, subsection 2 for its special education students. These allocations must be paid on the same basis as the per-pupil allocations for operating funds.

(2) The department shall pay directly to a public charter school any federal or state aid attributable to a student with a disability attending the public charter school in proportion to the level of services for the student with a disability that the public charter school provides directly or indirectly.

(3) The department shall pay to a public charter school any additional allocation assigned to the public charter school because of a high-cost in-district special education placement in accordance with section

15681-A, subsection 2, paragraph B in the year in which the allocation is assigned as an adjustment to the public charter school's state contribution.

(4) The department shall pay to a public charter school any additional allocation assigned to the school administrative unit because of a high-cost out-of-district special education placement in accordance with section 15681-A, subsection 2, paragraph C in the year in which the allocation is assigned.

C. Except as otherwise provided in this chapter, the State shall send applicable federal funds directly to public charter schools attended by eligible students. Public charter schools with students eligible for funds under Title I of the federal Elementary and Secondary Education Act of 1965, 20 United States Code, Section 6301 et seq. must receive and use these funds in accordance with federal and state law. During the first year of operation, a public charter school must receive Title I funds on the basis of an estimated enrollment of eligible students, as determined by its authorizer.

D. A public charter school may receive gifts and grants from private sources in any manner that is available to a school administrative unit.

E. A public charter school may not levy taxes or issue bonds secured by tax revenues.

F. Any money received by a public charter school from any source and remaining in the school's accounts at the end of any budget year remains in the school's accounts for use by the school during subsequent budget years and may not revert to the authorizer or to the State.

G. Nothing in this chapter may be construed to prohibit any person or organization from providing funding or other assistance for the establishment or operation of a public charter school. The governing board of a public charter school may accept gifts, donations or grants of any kind made to the school and expend or use such gifts, donations or grants in accordance with the conditions prescribed by the donor except that a gift, donation or grant may not be accepted if subject to a condition that is contrary to any provision of law or term of the charter contract.

H. A public charter school may receive payment pursuant to paragraph A for students residing in the unorganized territory based on the state average EPS per-pupil rate as defined in section 15672, subsection 7-A. A special education student residing in the unorganized territory must be treated the same as a resident student from a school administrative unit for special education costs pursuant to paragraph B. The responsibility for providing a free, appropriate public education

for a special education student passes to the charter school in which the student enrolls. As with other resident school administrative units in accordance with section 15681-A, subsection 2, paragraph B, the department shall pay for high-cost in-district students.

**Sec. 6. 20-A MRSA §15683-B** is enacted to read:

**§15683-B. Public charter schools; calculation of total allocation and state contribution**

Beginning with fiscal year 2015-16, this section applies to public charter schools authorized by the Maine Charter School Commission, established under Title 5, section 12004-G, subsection 10-D, in accordance with the funding provisions established in section 2413-A.

**1. Calculation of EPS per-pupil rates.** If there is only one school administrative unit sending students to a public charter school in a school year, the commissioner shall use that resident school administrative unit's EPS per-pupil rate. If there is more than one school administrative unit sending students to the public charter school, the commissioner shall calculate a public charter school's EPS per-pupil rate for each year as follows.

A. When there are elementary students from outside of a single resident school administrative unit sending students to an elementary public charter school, the EPS per-pupil rate for elementary grades is calculated by multiplying the number of students from a resident school administrative unit attending the public charter school by that resident school administrative unit's elementary EPS per-pupil rate to find the total cost for elementary students enrolled in the public charter school in that resident school administrative unit, then adding the total cost for elementary students enrolled in the public charter school from each resident school administrative unit. The result is divided by the total number of elementary students in the public charter school.

B. When there are secondary students from outside of a single resident school administrative unit sending students to a secondary public charter school, the EPS per-pupil rate for secondary grades is calculated by multiplying the number of students from a resident school administrative unit attending the public charter school by that resident school administrative unit's secondary EPS per-pupil rate to find the total cost for secondary students enrolled in the public charter school in that resident school administrative unit, then adding the total cost for secondary students enrolled in the public charter school from each resident school administrative unit. The result is divided

by the total number of secondary students in the public charter school.

**2. Pupil counts.** Notwithstanding section 15674, the commissioner shall determine a public charter school's student counts for each year as follows.

A. The basic student count for a public charter school is the pupil count for October 1st of the most recent calendar year prior to the year of funding.

B. The number of economically disadvantaged students for each public charter school is determined by multiplying the number of students at the public charter school by the most recent available elementary free or reduced-price meals percentage for that public charter school. The elementary free or reduced-price meals percentage may be applied to determine the number of economically disadvantaged students in the public charter school secondary grades. If the public charter school does not operate elementary grades, the most recent available secondary free or reduced-price meals percentage must be used in place of the elementary free or reduced-price meals percentage.

C. The number of limited English proficiency students for each public charter school is the number of limited English proficiency students from the most recent October count prior to the year of funding.

D. The number of special education students for each public charter school is the number of special education students from the most recent October count prior to the year of funding.

**3. Operating allocation.** The commissioner shall determine a public charter school's operating allocation for each year as the sum of:

A. The base allocation, which is the pupil count pursuant to subsection 2, paragraph A multiplied by the public charter school's EPS per-pupil rates calculated pursuant to subsection 1;

B. The economically disadvantaged student allocation, which is the pupil count determined pursuant to subsection 2, paragraph B multiplied by the additional weight for each economically disadvantaged student pursuant to section 15675, subsection 2;

C. The limited English proficiency student allocation, which is the pupil count pursuant to subsection 2, paragraph C multiplied by the additional weight for each limited English proficiency student pursuant to section 15675, subsection 1;

D. The targeted funds for standards-based system allocation, which is based on the per-pupil amount pursuant to section 15683, subsection 1, para-

graph C multiplied by the pupil count pursuant to subsection 2, paragraph A;

E. The targeted funds for technology resource allocation, which is based on the per-pupil amount pursuant to section 15683, subsection 1, paragraph D multiplied by the pupil count in subsection 2, paragraph A; and

F. The targeted funds for public preschool to grade 2 student allocation, which is based on the preschool to grade 2 pupil count pursuant to subsection 2, paragraph A multiplied by the public charter school's elementary EPS per-pupil rates in subsection 1.

The operating allocation calculated pursuant to this subsection must be adjusted by multiplying it by the appropriate transition percentage in accordance with section 15671, subsection 7.

**4. Other subsidizable costs allocation.** The commissioner shall determine a public charter school's other subsidizable costs allocation for each year as the sum of:

A. The gifted and talented allocation pursuant to section 2413-A, subsection 2, paragraph A, subparagraph (4);

B. The special education allocation pursuant to section 2413-A, subsection 2, paragraph B. The special education allocation may not be less than 90% of the public charter school base year expenditures for special education; and

C. The transportation operating allocation, which is the statewide per-pupil essential programs and services transportation operating allocation multiplied by a percentage established by the Maine Charter School Commission for that public charter school based on the cost of transportation services provided by the public charter school to the student but not to exceed 100% multiplied by the pupil count in subsection 2, paragraph A.

A public charter school is not entitled to career and technical education funding. The school administrative unit in which the public charter school student resides must pay the cost of attendance for the student at a career and technical education program.

**5. Total allocation and state contribution.** The commissioner shall determine a public charter school's total allocation as the sum of the school's operating allocation under subsection 3 and other subsidizable costs allocation under subsection 4. That total allocation is the state contribution, except that up to 3% of this amount must be withheld in accordance with section 2405, subsection 5, paragraph B and transferred to the Maine Charter School Commission.

**6. Payment of state contribution.** The commissioner shall authorize state subsidy payments to be

made to public charter schools in accordance with the same schedule of payments for school administrative units pursuant to section 15689-B.

**7. MaineCare seed.** The commissioner may deduct from a public charter school's state subsidy and pay on behalf of the public charter school allowable school-based costs that represent the public charter school's portion of MaineCare payments. A transfer of payment by the department to the Department of Health and Human Services must be made pursuant to a schedule agreed upon by the Department of Health and Human Services and the department and based on documentation of payments made from MaineCare funds.

**8. Curtailment adjustment.** In any funding year, if general purpose aid for local schools funding is curtailed, then the public charter school state contribution under this chapter must be curtailed by the proportional percentage that school administrative units have been curtailed.

**9. Phase-in procedures for new or newly expanded public charter schools.** For new or newly expanded public charter schools, the commissioner shall make a preliminary calculation of total allocation based on the following:

A. Estimated student counts not to exceed the enrollment limit established by the Maine Charter School Commission;

B. Estimated rates and weights based on statewide averages; and

C. The preliminary calculation of total allocation, which must be replaced with actual student data once students have been enrolled for the new school year. The new or newly expanded public charter school shall enroll new students no later than August 1st in a student information system maintained by the department.

**Sec. 7. 20-A MRSA §15689-B, sub-§2-A** is enacted to read:

**2-A. Notification of state contribution to public charter schools.** The commissioner shall annually, prior to February 1st, notify the governing board of each public charter school of the estimated amount of state contribution to be allocated to the public charter school pursuant to section 15683-B and post these estimated contributions on the department's publicly accessible website.

**Sec. 8. 20-A MRSA §15689-C, sub-§2, ¶A,** as enacted by PL 2005, c. 2, Pt. D, §61 and affected by §§72 and 74 and c. 12, Pt. WW, §18, is amended to read:

**Sec. 9. 20-A MRSA §15689-D**, as amended by PL 2013, c. 368, Pt. C, §18, is further amended to read:

**§15689-D. Governor's recommendation for funding levels**

**1. Annual recommendations.** The Department of Administrative and Financial Services, Bureau of the Budget shall annually certify to the Legislature the funding levels that the Governor recommends under sections 15683, 15683-A, ~~15683-B~~, 15688-A, 15689 and 15689-A and the amount for any other components of the total cost of funding public education from kindergarten to grade 12 pursuant to this chapter. The Governor's recommendations must be transmitted to the Legislature within the time schedules set forth in Title 5, section 1666 and in the form and manner described in subsection 2 and these recommendations must be posted on the department's publicly accessible website. The commissioner may adjust, consistent with the Governor's recommendation for funding levels, per-pupil amounts not related to staffing pursuant to section 15680 and targeted funds pursuant to section 15681.

**2. Funding level computations.** The Governor's recommendations under subsection 1 must specify the amounts that are recommended for the total operating ~~allocation~~ allocations pursuant to section 15683 including the total allocation pursuant to section 15683-B, the total of other subsidizable costs pursuant to section 15681-A, the total debt service allocation pursuant to section 15683-A, the total costs of enhancing student performance and opportunity pursuant to section 15688-A, the total adjustments pursuant to section 15689, the total miscellaneous costs pursuant to section 15689-A, the amount for any other components of the total cost of funding public education from kindergarten to grade 12 and the total cost of funding public education from kindergarten to grade 12 pursuant to this chapter. The Governor's recommendations regarding the adjustments and miscellaneous costs components also must delineate each amount that is recommended for each subsection and paragraph under sections 15689 and 15689-A and the purposes for each cost in these sections. For each amount shown in the Governor's recommendations, the Governor's recommendations must also show the amount for the same component or purpose that is included in the most recently approved state budget, the differences between the amounts in the most recently approved state budget and the Governor's recommendations and the reasons for the changes. These computations must be posted on the department's publicly accessible website.

**Sec. 10. 20-A MRSA §15689-E, sub-§1, ¶B**, as amended by PL 2013, c. 368, Pt. C, §19, is further amended to read:

B. The state share of the total operating allocation and the total debt service allocation described in sections 15683 ~~and~~, 15683-A and 15683-B;

**Sec. 11. Reports to the Legislature.** Beginning on the effective date of this section and until one year after the effective date of this section, a virtual public charter school shall also submit to the Legislature each report that the virtual public charter school is required to submit to the Commissioner of Education or to the Department of Education.

## CHAPTER 60

### H.P. 87 - L.D. 129

#### An Act To Provide Options to Schools for Making Up School Days

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** last winter's weather conditions included blizzards and snowstorms that set records for the amount of snowfall in many regions of the State, which caused the cancellation of a significant number of school days in many school administrative units due to dangerous road and travel conditions; and

**Whereas,** Department of Education Rule Chapter 125 provides that a school board may reschedule cancelled school days by conducting classes on the weekend, rescheduling or shortening scheduled vacation periods or postponing the scheduled closing date of the school year; and

**Whereas,** providing school administrative units with the additional option of adding make-up instructional time during existing school days would provide school boards with greater flexibility in determining how to meet the minimum school year calendar requirements; and

**Whereas,** because Rule Chapter 125 is a major substantive rule, changes to the rule require legislative review before the changes may be made; and

**Whereas**, the Legislature has the authority to direct the Department of Education to amend its rule to reflect legislative policy determinations; and

**Whereas**, the Department of Education and school boards need statutory and rule revisions for the acceptable methods established for rescheduling cancelled school days in order for school administrative units to have another option to meet the minimum school year calendar requirements for this school year; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 20-A MRSA §4801, sub-§1, ¶F** is enacted to read:

F. A school administrative unit operating under a plan approved by the commissioner may provide for a one-hour extension of the school day for up to 25 days in a school year. Notwithstanding the required number of school days under this subsection, 5 one-hour extensions may be counted as one additional school day. A school administrative unit may, with the approval of the commissioner pursuant to rules adopted in accordance with this subsection, implement extended days pursuant to this paragraph only for the purpose of making up school days missed due to weather or emergency closures.

**Sec. 2. Amendment of rule.** The Department of Education shall amend portions of Section 6 of its Rule Chapter 125: Basic Approval Standards: Public Schools and School Administrative Units to provide that the acceptable methods of rescheduling school days cancelled due to weather or emergency closures may include a one-hour extension of the school day for up to 25 days in a school year and to provide that 5 one-hour extensions may be counted as one additional school day.

**Sec. 3. Expedited amendment process.** Notwithstanding the Maine Revised Statutes, Title 5, chapter 375, subchapters 2 and 2-A and any other law, the Department of Education shall adopt the amendments to Section 6 of its Rule Chapter 125: Basic Approval Standards: Public Schools and School Administrative Units as provided in section 2 of this Act. The department shall file the amended rule with the Secretary of State as a final adopted rule within 7 business days of the effective date of this Act and the rule is effective upon filing. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. Beginning July 1, 2015,

any changes to Rule Chapter 125 are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective May 10, 2015.

**Whereas**, coverage under the group life insurance coverage program administered by the Maine Public Employees Retirement System may be terminated for nonpayment of premium if premiums are not paid when due at the end of the month; and

**Whereas**, employees have no recourse to reinstate coverage following termination; and

**Whereas**, employees may not have received notice of cancellation during an unpaid leave of absence due to an accident or illness and family members learn of the termination of coverage only following the death of the employee; and

**Whereas**, this legislation would allow employees to designate a 3rd party to also receive a notice of cancellation prior to the termination of life insurance coverage to provide further protection to avoid termination of coverage; and

**Whereas**, immediate enactment of this legislation is needed to help preserve life insurance coverage for employees and their families; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 5 MRSA §18058, sub-§1, ¶D** is enacted to read:

**H.P. 477 - L.D. 701**  
**An Act To Modify**  
**Unemployment Insurance**  
**Successor Law**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 26 MRSA §1221, sub-§5**, as amended by PL 2007, c. 23, §1, is repealed and the following enacted in its place:

**5. Successor transfers of experience and assignment of rates; no common ownership.** The following applies to the assignment of rates and transfers of experience in successor purchases when there is substantially no common ownership, management or control between purchaser and predecessor.

A. Effective as of the date on which the business was acquired:

(1) The executors, administrators, successors or assigns of a new employer who acquires the business of the predecessor employer in toto may acquire the experience rate of that employer with payrolls, contributions and benefits or may be assigned the state average contribution rate, whichever rate is lower; and

(2) The executors, administrators, successors or assigns of an existing employer with an established experience rate who acquires the business of the predecessor employer in toto may acquire the experience rate of that predecessor employer with payrolls, contributions and benefits, which is then blended with the successor's established experience rate to form a new rate, or retain the established experience rate of the successor, whichever is lower.

**Sec. 2. 26 MRSA §1221, sub-§5-A**, as corrected by RR 2005, c. 1, §12, is amended to read:

**5-A. Transfers of experience and assignment of rates involving common ownership.** ~~Notwithstanding subsection 5,~~ The following applies to the assignment of rates and transfers of experience when there is substantial common ownership, management or control between the successor and predecessor employers.

A. If:

(1) An employer transfers its trade or business, or a portion of its trade or business, to another employer and, at the time of the transfer, there is substantially common ownership, management or control of the 2 employers, then the unemployment experience attributable to the transferred trade or business is transferred to the employer to whom the business is transferred. The rates of both employers must be recalculated and made effective immediately upon the date of the transfer of the trade or business. The transfer of some or all of an employer's workforce to another employer shall be considered a transfer of trade or business when, as the result of such transfer, the transferring employer no longer performs trade or business with respect to the transferred workforce, and such trade or business is performed by the employer to whom the workforce is transferred; and

(2) Following a transfer of experience under subparagraph (1), the commissioner determines that the purpose of the transfer of trade or business was to obtain a reduced liability for contributions, then the experience rating accounts of the employers involved must be combined into a single account and a single rate assigned to such account.

B. Whenever a person who is not an employer under this chapter acquires the trade or business of an employer, the unemployment experience of the acquired trade or business is not transferred to that person if the commissioner finds that the person acquired the trade or business solely or primarily for the purpose of obtaining a lower rate of contributions. In such circumstances, the person acquiring the trade or business is assigned the applicable new employer rate under subsection 4-A. In determining whether the trade or business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the commissioner shall consider objective factors that may include the cost of acquiring the trade or business, whether the person continued the business enterprise of the acquired trade or business, how long the business enterprise was continued or whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to acquisition.

C. If a person knowingly violates or attempts to violate paragraph A or B or any other provision of this chapter related to determining the assignment of a contribution rate or if a person knowingly advises another person in a way that results in a violation of such a provision, the person commits a Class D crime. In addition, the person is subject to the following:

(1) If the person is an employer, then that employer is assigned the highest rate assignable under this chapter for the rate year during which the violation or attempted violation occurred and for the 3 rate years immediately following that rate year, except that, if the person's business is already at the highest rate for any year or if the amount of increase in the person's rate would be less than 2% for such year, then a penalty rate of contributions of 2% of taxable wages is imposed for that year; and

(2) If the person is not an employer, that person is subject to a fine of not more than \$5,000, which must be deposited in the Special Administrative Expense Fund established under section 1164.

D. As used in this subsection, unless the context otherwise indicates, the following terms have the following meanings.

(1) "Knowingly" means having actual knowledge of or acting with deliberate ignorance or reckless disregard for the prohibition involved.

(2) "Person" has the meaning given that term by Section 7701(a)(1) of the Internal Revenue Code of 1986.

(3) "Trade or business" includes the employer's workforce.

(4) "Violates or attempts to violate" includes, but is not limited to, intent to evade, misrepresentation or willful nondisclosure.

E. The commissioner shall adopt rules to identify the transfer or acquisition of a business for purposes of this subsection. Rules adopted pursuant to this paragraph are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

F. This subsection must be interpreted and applied in such a manner as to meet the minimum requirements contained in any guidance or regulations issued by the United States Department of Labor.

**3-A. Elver fishing quotas.** The commissioner may adopt rules to establish, implement and administer an elver individual fishing quota system in order to ensure that the elver fishery annual landings do not exceed the overall annual quota established by the Atlantic States Marine Fisheries Commission. A Except as provided in section 6575-L, a person issued a license under this section or section 6302-A, subsection 3, paragraph E, E-1, F or G may not take, possess or sell elvers in excess of the weight quota allocated to that person under the quota system. If persons issued licenses under this section collectively exceed the overall annual quota allocated to those persons pursuant to paragraph B, the number of pounds by which the license holders exceeded that overall annual quota must be deducted from the following year's overall annual quota allocated to persons licensed under this section. If the overage exceeds the overall annual quota allocated to persons licensed under this section for the following year, the overage must be deducted from the overall annual quota allocated to persons licensed under this section in subsequent years until the entire overage has been accounted for.

The commissioner may adopt or amend rules on an emergency basis if immediate action is necessary to establish and implement the elver individual fishing quota in advance of the beginning of the elver fishing season.

**1. Temporary medical transfer requested prior to March 1st.** Notwithstanding section 6505-A, subsection 3-A, the commissioner may authorize a temporary medical transfer that permits the holder of an elver fishing license issued under section 6505-A to transfer the entire annual quota allocated to that person to another person holding an elver fishing licence issued under section 6505-A if the following criteria are met:

**An Act Regarding Maine's  
Power of Sale Foreclosure Law**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 14 MRSA §6203-A**, as repealed and replaced by PL 2009, c. 476, Pt. B, §3 and affected by §9, is amended to read:

**§6203-A. Power of sale; procedure; notice; form**

**1. Power of sale.** Any holder of a mortgage on real estate that is granted by a corporation, partnership, including a limited partnership or a limited liability partnership, limited liability company or trustee of a trust and that contains a power of sale, as described in Title 33, section 501-A, or a person authorized by the power of sale, or an attorney duly authorized by a writing under seal, or a person acting in the name of

the holder of such mortgage or any such authorized person, may, upon breach of condition and without action, do all the acts authorized or required by the power; except that a sale under the power is not effectual to foreclose a mortgage unless, previous to the sale, notice has been published once in each of 3 successive weeks, the first publication to be not less than 21 days before the day of the sale in a newspaper of general circulation in the town where the land lies and which notice must ~~prominently state the street address of the real estate encumbered by the mortgage deed, if any, and the book and page number of the mortgage, if any~~ comply with the requirements of subsection 3. This provision is implied in every power of sale mortgage in which it is not expressly set forth. For mortgage deeds executed on or after October 1, 1993, the power of sale may be used only if the mortgage deed states that it is given primarily for a one or more of the following purposes: business, commercial or agricultural purpose. ~~A copy of the notice must, at least 21 days before the date of the sale under the power in the mortgage, be recorded in each registry of deeds in which the mortgage deed is or by law ought to be recorded and must be served on the mortgagor or its representative in interest, or may be sent by registered mail addressed to the mortgagor or the mortgagor's representative at the mortgagor's last known address, or to the person and to the address as may be agreed upon in the mortgage, at least 21 days before the date of the sale under the power in the mortgage.~~ Any power of sale incorporated into a mortgage is not affected by the subsequent transfer of the mortgaged premises from the corporation, partnership, including a limited partnership or a limited liability partnership, limited liability company or trustee of the trust to any other type of organization or to an individual or individuals. The power of sale may be used to foreclose a mortgage deed granted by a trustee of a trust if at the time the mortgage deed is given the real estate is used exclusively for residential purposes, the real estate has 4 or fewer residential units and one of the units is the principal residence of the owner of at least 1/2 of the beneficial interest in the trust. If the mortgage deed contains a statement that at the time the mortgage deed is given the real estate encumbered by the mortgage deed is not used exclusively for residential purposes, that the real estate has more than 4 residential units or that none of the residential units is the principal residence of the owner of at least 1/2 of the beneficial interest in the trust, the statement conclusively establishes these facts and the mortgage deed may be foreclosed by the power of sale. The method of foreclosure of real estate mortgages provided by this section is specifically subject to the ~~order of priorities~~ rights of junior mortgagees set out in section 6205.

**1-A. Notice to mortgagor and parties in interest; definition.** At least 21 days before the date of the sale under the power in a mortgage, a copy of the fore-

closure notice must be served on the mortgagor or its representative in interest, or may be sent by registered or certified mail addressed to the mortgagor or the mortgagor's representative at the mortgagor's last known address, or to the person and to the address as may be agreed upon in the mortgage or to the address as may be provided in writing by the mortgagor to the mortgagee. In addition, a copy of the foreclosure notice must be sent by first-class mail, postmarked at least 21 days prior to the public sale, to all other parties in interest, except for parties in interest having a superior priority to the foreclosing mortgagee, at the address, if any, listed in the instrument evidencing the interest, and, if none is listed, to the registered agent for the party in interest, or to any other address that may be readily available to the mortgagee. For the purposes of this section, "parties in interest" means those parties having a claim to the real estate whose claim is recorded in the registry of deeds as of the time of recording the notice of foreclosure. Failure to notify any party in interest, other than the mortgagor, does not invalidate the foreclosure as to other parties in interest who were given notice.

**2. Notice to tenants; effect on title.** In addition to the notices provided pursuant to ~~subsection~~ subsections 1 and 1-A, the mortgagee shall provide a copy of the foreclosure notice to a residential tenant if the mortgagee knows or should know by exercise of due diligence that the property is occupied as a rental unit. Upon request from a mortgagee, the mortgagor or its representative in interest shall provide the name, address and other contact information for any residential tenant. Notice to a residential tenant may be served on the residential tenant by sheriff or, may be sent by first class mail ~~and registered mail~~ at the residential tenant's last known address or may be posted conspicuously at each entrance to the mortgaged premises. A residential tenant may not be evicted unless a mortgagee institutes an action for forcible entry and detainer pursuant to section 6001 at least 21 days after a mortgagee has served the notice required by this subsection. This subsection may not be construed to prohibit an action for forcible entry and detainer in accordance with section 6001 for a reason that is not related to a foreclosure sale. The failure to provide the notice required by this subsection does not affect the validity of the foreclosure sale.

**2-A. Recording foreclosure notice.** At least 21 days before the date of a sale under the power in a mortgage, a copy of the foreclosure notice must be recorded in each registry of deeds in which the mortgage deed is or by law ought to be recorded in order to provide constructive notice.

**3. Form of foreclosure notice.** A foreclosure notice must identify the mortgagee, the mortgagor, the terms of the public sale, the location, date and time of the public sale, the street address, if any, of the real estate encumbered by the mortgage, a description of

the real estate encumbered by the mortgage, which may be incorporated by reference to the book and page number of an instrument of record containing an adequate legal description of the real estate, and the book and page number, if any, of the mortgage. The following form of foreclosure notice may be used and may be altered as circumstances require; but nothing herein may be construed to prevent the use of other forms.

**4. Notice of sale.** A foreclosure notice of sale in ~~subsection 3~~, published in accordance with this chapter or in accordance with the power in the mortgage together with such other or further notice, if any, as is required by the mortgage, along with notice to the mortgagor and parties in interest whose interest appears of record at the time that the foreclosure notice is recorded in the appropriate registry of deeds, is sufficient notice of the sale, and the premises are considered to have been sold, and the free and clear of the interest of the mortgagor and of all other parties in interest who have been given notice in compliance

with subsection 1-A, except for parties in interest having a superior priority to the foreclosing mortgagee. The deed thereunder must convey the premises subject to and with the benefit of all restrictions, easements, improvements, outstanding tax titles, municipal or other public taxes, assessments, liens or claims in the nature of liens and existing encumbrances of record created prior to the mortgage, whether or not reference to such restrictions, easements, improvements, liens or encumbrances is made in the deed; but no purchaser at the sale is bound to complete the purchase if there are encumbrances, other than those named in the mortgage and included in the notice of the sale, that are not stated at the sale and included in the seller's contract with the purchaser or foreclosure notice. Any other party in interest having a claim to the real estate whose claim is not recorded in the registry of deeds as of the time of recording the foreclosure notice need not be given notice, and any such party has no claim against the real estate after completion of the public sale, in accordance with Title 33, section 501-A. The interests of parties in interest having a superior priority are not affected by the foreclosure.

**5. Public sale.** At the completion of a public sale pursuant to this section, the foreclosing mortgagee shall execute a purchase and sale agreement with the highest bidder. The purchase and sale agreement may be assigned by the purchaser. If the highest bidder fails to perform on the agreement, the foreclosing mortgagee may execute a purchase and sale agreement with the next highest bidder. If the foreclosing mortgagee is the highest bidder or becomes the highest bidder by failure of a bidder to perform a purchase and sale agreement, a purchase and sale agreement need not be executed. A mortgagee may bid and may purchase any real estate sold at such sale, as long as the mortgagee is the highest bidder. If the real estate is sold for an amount in excess of the outstanding balance of the mortgage together with all interest and costs, said excess must be used to satisfy any other encumbrances on said property the claims of parties in interest whose interests were extinguished by the foreclosure in the order of priority that existed prior to the foreclosure and, after all said encumbrances of those parties in interest are satisfied together with all interest and costs, any excess then remaining must be paid to the mortgagor. If the mortgagor or any person holding an encumbrance such party in interest cannot be found after a diligent search, the money must be paid into the Superior Court in the county where the land lies for the benefit of the mortgagor or the holder of any such encumbrance.

**6. Continuation of sale.** A public sale pursuant to this section may be adjourned, for any time not exceeding 30 days and from time to time until a sale is made, by announcement to those present at each adjournment.

**Sec. 2. 14 MRSA §6203-B**, as amended by PL 2009, c. 476, Pt. B, §4 and affected by §9, is further amended to read:

**2. Intent.** It is the intent of the Legislature to create incentives for the manufacturers, distributors, dealers and consumers of beverage containers to reuse or recycle beverage containers thereby removing the blight on the landscape caused by the disposal of these containers on the highways and lands of the State and reducing the increasing costs of litter collection and municipal solid waste disposal.

To encourage container reuse and recycling, every beverage container sold or offered for sale to a consumer in this State must have a deposit and refund value. The deposit and refund value are determined according to the provisions of this section.

**1. Refillable containers.** For refillable beverage containers, except wine and spirits containers, the manufacturer shall determine the deposit and refund value according to the type, kind and size of the beverage container. The deposit and refund value may not be less than 5¢.

**2. Nonrefillable containers; exclusive distributorships.** For nonrefillable beverage containers, except wine and spirits containers, sold through geographically exclusive distributorships, the distributor shall determine and initiate the deposit and refund value according to the type, kind and size of the beverage container. The deposit and refund value may not be less than 5¢.

**3. Nonrefillable containers; nonexclusive distributorships.** For nonrefillable beverage containers, except wine and spirits containers, not sold through geographically exclusive distributorships, the deposit and refund value may not be less than 5¢.

**4. Wine and spirits containers.** For wine and spirits containers of greater than 50 milliliters, the refund value may not be less than 15¢.

### **§3104. Dealer as distributor**

Whenever a dealer or group of dealers receives a shipment or consignment of, or in any other manner acquires, beverage containers outside the State for sale to consumers in the State, the dealer or dealers shall comply with this chapter as if they were distributors, as well as dealers.

### **§3105. Labels; stamps; brand names**

**1. Labels.** Except as provided under subsections 2 and 4, the refund value and the word "Maine" or the abbreviation "ME" must be clearly indicated on every refundable beverage container sold or offered for sale by a dealer in this State, by embossing, stamping, labeling or other method of secure attachment to the beverage container. The refund value may not be indicated on the bottom of the container. Metal beverage containers must be embossed or stamped on the top of the container.

**2. Labels; nonrefillable containers; nonexclusive distributorships.** With respect to nonrefillable beverage containers the deposits for which are initiated pursuant to section 3103, subsection 3, the refund value and the word "Maine" or the abbreviation "ME" must be clearly indicated on every refundable beverage container sold or offered for sale by a dealer in this State, by permanently embossing or permanently stamping the beverage containers, except in instances when the initiator of the deposit has specific permission from the department to use stickers or similar devices. The refund value may not be indicated on the bottom of the container. Metal beverage containers must be permanently embossed or permanently stamped on the tops of the containers.

**3. Labels; nonrefillable containers; exclusive distributorships.** Notwithstanding subsection 1 and with respect to nonrefillable beverage containers, for the deposits that are initiated pursuant to section 3103, subsection 2, the refund value and the word "Maine" or the abbreviation "ME" may be clearly indicated on refundable beverage containers sold or offered for sale by a dealer in this State by use of stickers or similar devices if those containers are not otherwise marked in accordance with subsection 1. A redemption center shall accept containers identified by stickers in accordance with this subsection or by embossing or stamping in accordance with subsection 1.

**4. Brand name.** Refillable glass beverage containers of carbonated beverages, for which the deposit is initiated under section 3103, subsection 1, that have a refund value of not less than 5¢ and a brand name permanently marked on the container are not required to comply with subsection 1. The exception provided by this subsection does not apply to glass beverage containers that contain spirits, wine or malt liquor as those terms are defined by Title 28-A, section 2.

**5. Label registration.** An initiator of deposit shall register the container label of any beverage offered for sale in the State on which it initiates a deposit. Registration must be on forms or in an electronic format provided by the department and must include the universal product code for each combination of beverage and container manufactured. The initiator of deposit shall renew a label registration annually and whenever that label is revised by altering the universal product code or whenever the container on which it appears is changed in size, composition or glass color. The initiator of deposit shall also include as part of the registration the method of collection for that type of container, identification of a collection agent, identification of all of the parties to a commingling agreement that applies to the container and proof of the collection agreement. The department may charge a fee for registration and registration renewals under this subsection. Rules adopted pursuant to this subsection that establish fees are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A and subject to review by the joint standing committee of the Legislature having jurisdiction over environmental and natural resources matters.

**6. Removal of product.** A product that is sold or distributed in the State that is not in compliance with the initiator of deposit or the labeling registration requirements established in this section may be removed from sale by the department.

#### **§3106. Application**

**1. Dealer acceptance.** Except as provided in this section, a dealer may not refuse to accept from any consumer or other person not a dealer any empty, unbroken and reasonably clean beverage container of the kind, size and brand sold by the dealer, or refuse to pay in cash the refund value of the returned beverage container as established by section 3103. This section does not require an operator of a vending machine to maintain a person to accept returned beverage containers on the premises where the vending machine is located.

**2. Permissive refusal by dealer.** A dealer may refuse to accept from a consumer or other person and to pay the refund value on any beverage container, if the place of business of the dealer and the kind, size and brand of beverage container are included in an order of the department approving a redemption center under section 3109.

**3. Limitation or number of returnables accepted.** A dealer may limit the total number of beverage containers that the dealer will accept from any one consumer or other person in any one business day to 240 containers, or any other number greater than 240.

**4. Limitation on hours for returning containers.** A dealer may refuse to accept beverage containers during no more than 3 hours in any one business day. If a dealer refuses to accept containers under this subsection, the hours during which the dealer will not accept containers must be conspicuously posted.

**5. Distributor acceptance.** A distributor may not refuse to accept from any dealer or local redemption center any empty, unbroken and reasonably clean beverage container or any beverage container that has been processed through an approved reverse vending machine that meets the requirements of rules adopted by the department pursuant to this chapter of the kind, size and brand sold by the distributor or refuse to pay to the dealer or local redemption center the refund value of a beverage container as established by section 3103.

**6. Obligation to preserve recycling value.** Notwithstanding subsection 8, a distributor or its agent may refuse to accept, or pay the refund value and handling costs to a dealer, redemption center or other person for, a beverage container that has been processed by a reverse vending machine in a way that has reduced the recycling value of the container below current market value. This subsection may not be interpreted to prohibit a written processing agreement between a distributor and a dealer or redemption center and does not relieve a distributor of its obligation under subsection 8 to accept empty, unbroken and reasonably clean beverage containers. The department shall adopt rules to establish the recycling value of beverage containers under this subsection and the rules may authorize the use of a 3rd-party vendor to determine if a beverage container has been processed by a reverse vending machine in a manner that has reduced the recycling value below current market value. The rules must outline the method of allocating among the parties involved the payment for 3rd-party vendor costs. Rules adopted under this subsection are routine technical rules pursuant to Title 5, chapter 375, subchapter 2-A.

**7. Reimbursement of handling costs.** Reimbursement of handling costs is governed by this subsection.

**A.** In addition to the payment of the refund value, the initiator of the deposit under section 3103, subsections 1, 2 and 4 shall reimburse the dealer or local redemption center for the cost of handling beverage containers subject to section 3103, in an amount that equals at least 3¢ per returned container for containers picked up by the initiator before March 1, 2004, at least 3 1/2¢ for containers

picked up on or after March 1, 2004 and before March 1, 2010 and at least 4¢ for containers picked up on or after March 1, 2010. The initiator of the deposit may reimburse the dealer or local redemption center directly or indirectly through a party with which it has entered into a commingling agreement.

B. In addition to the payment of the refund value, the initiator of the deposit under section 3103, subsection 3 shall reimburse the dealer or local redemption center for the cost of handling beverage containers subject to section 3103 in an amount that equals at least 3¢ per returned container for containers picked up by the initiator before March 1, 2004, at least 3 1/2¢ for containers picked up on or after March 1, 2004 and before March 1, 2010 and at least 4¢ for containers picked up on or after March 1, 2010. The initiator of the deposit may reimburse the dealer or local redemption center directly or indirectly through a contracted agent or through a party with which it has entered into a commingling agreement.

C. The reimbursement that the initiator of the deposit is obligated to pay the dealer or redemption center pursuant to paragraph A or B must be reduced by 1/2¢ for any returned container that is subject to a qualified commingling agreement that allows the dealer or redemption center to commingle beverage containers of like product group, material and size. A commingling agreement is qualified for purposes of this paragraph if the department determines that 50% or more of the beverage containers of like product group, material and size for which the deposits are being initiated in the State are covered by the commingling agreement or that the initiators of deposit covered by the commingling agreement are initiators of deposit for wine containers who each sell no more than 100,000 gallons of wine or 500,000 beverage containers that contain wine in a calendar year. Once the initiator of deposit has established a qualified commingling agreement for containers of a like product group, material and size, the department shall allow additional brands to be included from a different product group if they are of like material. The State, through the Department of Administrative and Financial Services, Bureau of Alcoholic Beverages and Lottery Operations, shall make every reasonable effort to enter into a qualified commingling agreement under this paragraph with every other initiator of deposit for beverage containers that are of like product group, size and material as the beverage containers for which the State is the initiator of deposit.

D. Paragraphs A, B and C do not apply to a brewer who annually produces no more than 50,000 gallons of its product or a bottler of water who annually sells no more than 250,000 contain-

ers each containing no more than one gallon of its product. In addition to the payment of the refund value, an initiator of deposit under section 3103, subsections 1 to 4 who is also a brewer who annually produces no more than 50,000 gallons of its product or a bottler of water who annually sells no more than 250,000 containers each containing no more than one gallon of its product shall reimburse the dealer or local redemption center for the cost of handling beverage containers subject to section 3103 in an amount that equals at least 3¢ per returned container.

**8. Obligation to pick up containers.** The obligation to pick up beverage containers subject to this chapter is determined as follows.

A. A distributor that initiates the deposit under section 3103, subsection 2 or 4 has the obligation to pick up any empty, unbroken and reasonably clean beverage containers of the particular kind, size and brand sold by the distributor from dealers to whom that distributor has sold those beverages and from licensed redemption centers designated to serve those dealers pursuant to an order entered under section 3109. A distributor that, within this State, sells beverages under a particular label exclusively to one dealer, which dealer offers those labeled beverages for sale at retail exclusively at the dealer's establishment, shall pick up any empty, unbroken and reasonably clean beverage containers of the kind, size and brand sold by the distributor to the dealer only from those licensed redemption centers that serve the various establishments of the dealer, under an order entered under section 3109. A dealer that manufactures its own beverages for exclusive sale by that dealer at retail has the obligation of a distributor under this section. The commissioner may establish by rule, in accordance with the Maine Administrative Procedure Act, criteria prescribing the manner in which distributors shall fulfill the obligations imposed by this paragraph. The rules may establish a minimum number or value of containers below which a distributor is not required to respond to a request to pick up empty containers. Any rules adopted under this paragraph must allocate the burdens associated with the handling, storage and transportation of empty containers to prevent unreasonable financial or other hardship.

B. The initiator of the deposit under section 3103, subsection 3 has the obligation to pick up any empty, unbroken and reasonably clean beverage containers of the particular kind, size and brand sold by the initiator from dealers to whom a distributor has sold those beverages and from licensed redemption centers designated to serve those dealers pursuant to an order entered under section 3109. The obligation may be fulfilled by

the initiator directly or indirectly through a contracted agent.

C. An initiator of the deposit under section 3103, subsection 2, 3 or 4 has the obligation to pick up any empty, unbroken and reasonably clean beverage containers that are commingled pursuant to a commingling agreement along with any beverage containers that the initiator is otherwise obligated to pick up pursuant to paragraphs A and B.

D. The initiator of deposit or initiators of deposit who are members of a commingling agreement have the obligation under this subsection to pick up empty, unbroken and reasonably clean beverage containers of the particular kind, size and brand sold by the initiator from dealers to whom a distributor has sold those beverages and from licensed redemption centers designated to serve those dealers every 15 days. The initiator of deposit or initiators of deposit who are members of a commingling agreement have the obligation to make additional pickups when a redemption center has collected 10,000 beverage containers from that initiator of deposit or from the initiators of deposit who are members of a commingling agreement.

The obligation of the initiator of the deposit under this subsection may be fulfilled by the initiator directly or through a party with which it has entered into a commingling agreement. A contracted agent hired to pick up beverage containers for one or more initiators of deposit is deemed to have made a pickup at a redemption center for those initiators of deposit when it picks up beverage containers belonging to those initiators of deposit.

9. Plastic bags. A dealer or redemption center has an obligation to pick up plastic bags that are used by that dealer or redemption center to contain beverage containers. Plastic bags used by a dealer or redemption center and the cost allocation of these bags must conform to rules adopted by the department concerning size and gauge. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

10. Application to containers originally sold in the State. The obligations to accept or take empty beverage containers and to pay the refund value and handling fees for such containers as described in subsections 1, 2, 5, 7 and 8 apply only to containers originally sold in this State as filled beverage containers. A person who tenders to a dealer, distributor, redemption center or bottler more than 48 empty beverage containers that the person knows or has reason to know were not originally sold in this State as filled beverage containers is subject to the enforcement action and civil penalties set forth in this subsection. At each location where consumers tender containers for redemption, dealers and redemption centers must con-

spicuously display a sign in letters that are at least one inch in height with the following information: "WARNING: Persons tendering containers for redemption that were not originally purchased in this State may be subject to a fine of the greater of \$100 per container or \$25,000 for each tender. (38 MRSA Section 3106)." A person who violates the provisions of this subsection is subject to a civil penalty of the greater of \$100 for each container or \$25,000 for each tender of containers.

11. License revocation. The department may revoke the license of a dealer or redemption center that has been adjudged to have committed a violation of this section.

12. Bulk redemption. In order to prevent fraud from the redemption of beverage containers not originally sold in this State, this subsection governs the redemption of more than 2,500 beverage containers.

A. A person tendering for redemption more than 2,500 beverage containers at one time to a dealer or redemption center must provide to the dealer or redemption center that person's name and address and the license plate number of the vehicle used to transport the beverage containers. The dealer or redemption center redeeming these beverage containers shall forward that information to the department within 10 days, and the information must be kept on file for a minimum of 12 months.

B. After complying at least once with the requirements of paragraph A, a person need not comply with paragraph A each subsequent time that person tenders to a dealer or redemption center for redemption more than 2,500 beverage containers if:

(1) All of the containers were collected at one location in this State;

(2) All proceeds of the refund value benefit a nonprofit organization that has been determined by the United States Internal Revenue Service to be exempt from taxation under the United States Internal Revenue Code of 1986, Section 501(c)(3); and

(3) The person tendering the containers for redemption signs a declaration indicating the person's name, the address of the collection point and the name of the organization or organizations that will receive the refund value.

13. Private right of action; containers not originally sold in the State. An initiator of deposit may maintain a civil action in Superior Court against a person, other than a local redemption center licensed in accordance with section 3113, that tenders to a redemption center or retailer more than 48 empty beverage containers that the person knows or has reason to know were not originally sold in this State as filled

beverage containers. If the initiator of deposit prevails in any action, the initiator of deposit is entitled to an award of reasonable attorney's fees and court costs, including expert witness fees.

**§3107. Commingling of beverage containers**

Notwithstanding any other provision of this chapter to the contrary, 2 or more initiators of deposit may enter into a commingling agreement through which some or all of the beverage containers for which the initiators have initiated deposits may be commingled by dealers and operators of redemption centers as provided in this section.

An initiator of deposit that enters into a commingling agreement pursuant to this section shall permit any other initiator of deposit to become a party to that agreement on the same terms and conditions as the original agreement.

**1. Commingling requirement.** If initiators of deposit enter into a commingling agreement pursuant to this section, commingling of beverage containers must be by all containers of like product group, material and size. An initiator of deposit required pursuant to section 3106, subsection 8 to pick up beverage containers subject to a commingling agreement also shall pick up all other beverage containers subject to the same agreement. The initiator of deposit may not require beverage containers that are subject to a commingling agreement to be sorted separately by a dealer or redemption center.

**2. Commingling of like materials.** For purposes of this section, containers are considered to be of like materials if made up of one of the following:

- A. Plastic;
- B. Aluminum;
- C. Metal other than aluminum; and
- D. Glass.

**3. Commingling of like products.** For purposes of this section, like products are those that are made up of one of the following:

- A. Beer, ale or other beverage produced by fermenting malt, wine and wine coolers;
- B. Spirits;
- C. Soda;
- D. Noncarbonated water; and
- E. All other beverages.

**4. Registration of commingling agreements.** Not later than 48 hours following the execution or amendment of a commingling agreement, including an amendment that adds an additional party to an existing agreement, the parties shall file a copy of the commingling agreement or amendment with the department.

**§3108. Unclaimed deposits**

The provisions of this section apply only to those beverage containers that are not subject to a commingling agreement pursuant to section 3107.

**1. Deposit transaction fund.** An initiator of deposit shall maintain a separate account to be known as the initiator's deposit transaction fund. The initiator shall keep that fund separate from all other revenues and accounts. The initiator shall place in that fund the refund value for all nonrefillable beverage containers it sells subject to the provisions of this chapter. Except as specified in subsections 3 and 4, amounts in the initiator's deposit transaction fund may only be expended to pay refund values for returned nonrefillable beverage containers. Amounts in the fund may not be used to pay the handling fees required by this chapter. The fund must be maintained by the initiator on behalf of consumers who have purchased products in refundable nonrefillable beverage containers and on behalf of the State; except as specified in subsections 3 and 4, amounts in the fund may not be regarded as income of the initiator.

**2. Reports.** An initiator of deposit shall report to the State Tax Assessor by the 20th day of each month concerning transactions affecting its deposit transaction fund in the preceding month. The report must be in a form prescribed by the assessor and must include: the number of nonrefillable beverage containers sold and the number of nonrefillable beverage containers returned in the applicable month; the amount of deposits received in and payments made from the fund in the applicable month and the most recent 3-month period; any income earned on amounts in the fund during the applicable month; the balance in the fund at the close of the applicable month; and such other information as the assessor may require. The report required by this subsection must be treated by the assessor as a return, as the term is defined by Title 36, section 111, subsection 4.

**3. Determination of abandoned deposit amounts.** The initiator's abandoned deposit amount, at the end of each month, is the amount equal to the amount of deposits that are or should be in the fund, less the sum of:

- A. Income earned on amounts in the fund during that month; and
- B. The total amount of refund values received by the initiator for nonrefillable beverage containers during that month and the 2 preceding months.

Income on the fund may be transferred from the fund for use as funds of the initiator.

**4. Transfer of abandoned deposit amounts.** By the 20th day of each month, an initiator shall turn over to the State Tax Assessor the initiator's abandoned

deposit amounts determined pursuant to subsection 3. Those amounts may be paid from the deposit transaction fund. Amounts collected by the assessor pursuant to this subsection must be treated by the assessor as a tax, as that term is defined by Title 36, section 111, subsection 5, and must be deposited in the General Fund.

**5. Reimbursement of initiators of deposit.** If in any month the authorized payments from the deposit transaction fund by an initiator pursuant to this section exceed the funds that are or should be in the initiator's deposit transaction fund, the State Tax Assessor shall reimburse the initiator, from amounts received pursuant to subsection 4, for those refunds paid by the initiator for nonrefillable beverage containers for which the funds that are or should be in the initiator's deposit transaction fund are insufficient; except that reimbursements paid by the assessor to an initiator may not exceed amounts paid by the initiator pursuant to subsection 4 in the preceding 24 months less amounts paid to the initiator pursuant to this subsection during that same 24-month period.

**6. Administration by State Tax Assessor.** The uniform tax administration provisions of Title 36, chapter 7 apply to the State Tax Assessor's administration of the reports and payments required by this section.

**7. Small manufacturers, bottlers and brewers exempt.** Except as otherwise provided in this subsection, a manufacturer who produces no more than 50,000 gallons of its product in a calendar year is exempt from the requirements of this section for that year. A brewer who produces no more than 50,000 gallons of its product or a bottler of water who sells no more than 250,000 containers each containing no more than one gallon of its product in a calendar year is exempt from the requirements of this section for that year.

**8. Removal of beverage.** The department may remove from sale a beverage that is sold or distributed in the State by an initiator of deposit who is not in compliance with the reporting and payment requirements established in this section if the department is notified by the State Tax Assessor of that noncompliance. The department shall allow the sale of the beverage to resume upon notification by the State Tax Assessor that all delinquent reports have been submitted and all payments are current.

### **§3109. Redemption centers**

**1. Establishment.** Local redemption centers may be established and operated by any person or municipality, agency or regional association as defined in section 1303-C, subsection 24, subject to the approval of the commissioner, to serve local dealers and consumers, at which consumers may return empty beverage containers as provided under section 3106.

**2. Application for approval.** Application for approval of a local redemption center must be filed with the department. The application must state the name and address of the person responsible for the establishment and operation of the center, the kinds, sizes and brand names of beverage containers that will be accepted and the names and addresses of dealers to be served and their distances from the local redemption center.

**3. Approval.** The commissioner may approve the licensing of a local redemption center if the redemption center complies with the requirements established under section 3113. The order approving a local redemption center license must state the dealers to be served and the kinds, sizes and brand names of empty beverage containers that the center accepts.

**4. Redemption center acceptance refund account.** A local redemption center may not refuse to accept from any consumer or other person not a dealer any empty, unbroken and reasonably clean beverage container of the kind, size and brand sold by a dealer served by the center as long as the label for the container is registered under section 3105, subsection 5 or refuse to pay in cash the refund value of the returned beverage container as established by section 3103. A redemption center or reverse vending machine is not obligated to count containers or to pay a cash refund at the time the beverage container is returned as long as the amount of the refund value due is placed into an account to be held for the benefit of the consumer and funded in a manner that allows the consumer to obtain deposits due within 2 business days of the time of the return.

**5. Posted lists.** A list of the dealers served and the kinds, sizes and brand names of empty beverage containers accepted must be prominently displayed at each local redemption center.

**6. Withdrawal of approval.** The District Court may, in a manner consistent with the Maine Administrative Procedure Act, withdraw approval of a local redemption center if there has not been compliance with the approval order or if the local redemption center no longer provides a convenient service to the public.

### **§3110. Prohibition on certain types of containers and holders**

A beverage may not be sold or offered for sale to consumers in this State:

**1. Flip tops.** In a metal container designed or constructed so that part of the container is detachable for the purpose of opening the container without the aid of a separate can opener, except that nothing in this subsection prohibits the sale of a container, the only detachable part of which is a piece of adhesive-backed tape; and

2. Plastic cans. In a container composed of one or more plastics if the basic structure of the container, exclusive of the closure device, also includes aluminum or steel.

**§3112. Exception for beverage containers used on international flights**

This chapter does not apply to any beverage container sold to an airline and containing a beverage intended for consumption on an aircraft flight in interstate or foreign commerce.

**§3113. Licensing requirements**

A license issued annually by the department is required before any person may initiate deposits under section 3103, operate a redemption center under section 3109 or act as a contracted agent for the collection of beverage containers under section 3106, subsection 8, paragraph B.

1. Procedures; licensing fees. The department shall adopt rules establishing the requirements and procedures for issuance of licenses and annual renewals under this section, including a fee structure. Initial rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. Rules adopted effective after calendar year 2003 are major substantive rules as defined in Title 5, chapter 375, subchapter 2-A and are subject to review by the joint standing committee of the Legislature having jurisdiction over environmental and natural resources matters.

2. Criteria for licensing rules. In developing rules under subsection 1 for licensing redemption centers, the department shall consider at least the following:

A. The health and safety of the public, including sanitation protection when food is also sold on the premises;

B. The convenience for the public, including standards governing the distribution of centers by population or by distance, or both;

C. The proximity of the proposed redemption center to existing redemption centers and the potential impact that the location of the proposed re-

demption center may have on an existing redemption center;

D. The proposed owner's record of compliance with this chapter and rules adopted by the department pursuant to this chapter; and

E. The hours of operation of the proposed redemption center and existing redemption centers in the proximity of the proposed redemption center.

**3. Location of redemption centers; population requirements.** The department may grant a license to a redemption center if the following requirements are met:

A. The department may license up to 5 redemption centers in a municipality with a population over 30,000;

B. The department may license up to 3 redemption centers in a municipality with a population over 20,000 but no more than 30,000; and

C. The department may license up to 2 redemption centers in a municipality with a population over 5,000 but no more than 20,000.

For a municipality with a population of no more than 5,000, the department may license redemption centers in accordance with rules adopted by the department. Rules adopted pursuant to this subsection are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A.

**4. Exceptions.** Notwithstanding subsection 3:

A. An owner of a redemption center who is renewing the license of a redemption center licensed by the department as of April 1, 2009 need not comply with subsection 3;

B. An entity that is a food establishment or distributor licensed by or registered with the department need not comply with subsection 3;

C. A reverse vending machine is not considered a redemption center for purposes of subsection 3 when it is located in a licensed redemption center; and

D. The department may grant a license that is inconsistent with the requirements set out in subsection 3 only if the applicant has demonstrated a compelling public need for an additional redemption center in the municipality.

**§3114. Beverage Container Enforcement Fund**

**1. Creation.** The Beverage Container Enforcement Fund, referred to in this section as "the fund," is created under the jurisdiction and control of the department.

**2. Sources of money.** The fund consists of the following:

A. Fees for issuance of licenses and license renewals under section 3113;

B. Fees for registration of beverage container labels and registration renewals under section 3105, subsection 5; and

C. All other money appropriated or allocated for inclusion in the fund.

**3. Application of fund.** The department may combine administration and inspection responsibilities of other programs it administers with administration and enforcement responsibilities under this chapter for efficiency purposes; however, money in the fund may be used to fund only the portion of staff time devoted to administration and enforcement activities under this chapter.

**4. Revolving fund.** The fund is a nonlapsing, revolving fund. All money in the fund must be continuously applied by the department to carry out the administrative and enforcement responsibilities of the department under this chapter.

#### **§3115. Department administration**

The department shall administer this chapter and has the authority, following public hearing, to adopt necessary rules to carry it into effect. The department may adopt rules governing local redemption centers that receive beverage containers from dealers supplied by distributors other than the distributors servicing the area in which the local redemption center is located in order to prevent the distributors servicing the area within which the redemption center is located from being unfairly penalized. In addition to other actions required by this chapter, department responsibilities include the following.

**1. Registry of labels.** The department shall establish and maintain a registry of beverage container labels. The registry must contain the information for each beverage type and beverage container filed under section 3105, subsection 5 arranged and displayed in an organized and comprehensible manner. The department shall update the registry regularly and make information from the registry available upon request.

**2. Provision of information.** The department shall provide information about the operation of this chapter to any affected person whose premises it inspects or visits as part of its licensing and inspection responsibilities.

#### **§3116. Denial of redemption center license**

**1. Denial of application.** The department shall notify an applicant denied a license for a redemption center of the reasons for the denial. Written notification must be sent to the mailing address given by the applicant in the application for a redemption center license.

**2. Aggrieved applicants.** An applicant aggrieved by a decision made by the department may appeal the decision by filing an appeal with the Superior Court and serving a copy of the appeal upon the department in accordance with the Maine Rules of Civil Procedure, Rule 80C. The appeal must be filed and served within 30 days of the mailing of the department's decision.

#### **§3117. Unlawful possession of beverage containers**

A person is guilty of a violation of this section if that person possesses more than 48 beverage containers that are not labeled under section 3105. This section does not apply to licensed waste facilities as defined in section 1303-C, subsection 40.

**1. Penalty.** A violation of this section is a civil violation for which a fine of \$100 per container in excess of 48 beverage containers may be adjudged.

**2. Enforcement.** The Maine State Police shall enforce this section and prosecute any persons found in violation.

**3. Private right of action; containers not originally sold in the State.** An initiator of deposit may maintain a civil action in Superior Court against a person, other than a local redemption center licensed in accordance with section 3113, in possession of more than 48 beverage containers that the person knows or has reason to know were not originally sold in this State as filled beverage containers. If the initiator of deposit prevails in any action, the initiator of deposit is entitled to an award of reasonable attorney's fees and court costs, including expert witness fees.

**4. Exempt facilities.** The department may, by rule, adopt procedures for designating certain transportation activities and storage or production facilities or portions of facilities as exempt from this section. Any exemption granted under this subsection must be based on a showing by the person owning or operating the facility or undertaking the activity that:

A. The beverage containers stored or transported are intended solely for retail sale outside of the State;

B. The beverage containers are being transported to and stored in a facility licensed under Title 28-A, section 1371, subsection 1 prior to labeling and subsequent retail sale within the State; or

**§3118. Glass-breaking games**

A person, firm, corporation, association or organization may not hold, conduct or operate games of skill, as defined in Title 17, section 1831, subsection 6, that involve the breaking of glass. A violation of this section is a Class E crime.

**Sec. 15. Transition.** The following provisions govern the transfer of the administration of the provisions regarding returnable beverage containers under the Maine Revised Statutes, Title 32, chapter 28 from the Department of Agriculture, Conservation and Forestry to the Department of Environmental Protection.

1. The Department of Environmental Protection is the successor in every way to the powers, duties and functions of the Department of Agriculture, Conservation and Forestry under Title 32, chapter 28. The department may enter into a memorandum of understanding to foster the administration of this program.

2. All existing rules, regulations and procedures in effect, in operation or adopted by the Department of Agriculture, Conservation and Forestry or any of its administrative units or officers pursuant to Title 32, chapter 28 are hereby declared in effect and continue in effect until rescinded, revised or amended by the proper authority. All rules, regulations and procedures administered pursuant to Title 32, chapter 28 are administered by the Department of Environmental Protection.

**CHAPTER 168**

**S.P. 516 - L.D. 1390**

**An Act To Amend the  
Boundaries of the Capitol Area**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until

90 days after adjournment unless enacted as emergencies; and

**Whereas**, the Maine Revised Statutes, Title 5, chapter 14-A established the policy, composition and duties of the Capitol Planning Commission for the purpose of developing effective planning to accommodate the needs of a growing State Government; and

**Whereas**, the Maine Revised Statutes, Title 1, section 814, subsection 2 delineates the boundaries of the Capitol Area within the City of Augusta over which the Capitol Planning Commission has planning jurisdiction; and

**Whereas**, since 1920 the Department of Transportation has owned and occupied a 9-acre parcel of land on the northerly side of Capitol Street known as the motor transport property for use as a highway maintenance facility; and

**Whereas**, due to the functional obsolescence of the motor transport property, the Department of Transportation recently relocated its highway maintenance operations to a modern facility elsewhere in Augusta and now desires to sell the motor transport property; and

**Whereas**, the motor transport property is located within the Capitol Area boundaries and is subject to the agency rules established by the Capitol Planning Commission that govern the use and development of Capitol Area property; and

**Whereas**, sale of the motor transport property has been impeded by the conditions and restrictions imposed by Capitol Planning Commission rules, which originally envisioned the site for use as a state office building or parking garage; and

**Whereas**, the need for a new state office building or state parking garage has been eliminated due to the extensive renovation of both of the existing facilities in recent years; and

**Whereas**, the motor transport property is now vacant, deteriorating and creating potentially detrimental health, safety and environmental conditions; and

**Whereas**, removal of the motor transport property from Capitol Planning Commission restrictions as soon as possible is necessary to enhance the property's marketability, expedite its sale and eliminate its current industrial use in favor of the development of a commercial, mixed-use site that will augment the City of Augusta's tax base and contribute to the overall aesthetic of the Capitol Area's West Campus; and

**Whereas**, in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 1 MRSA §814, sub-§2, ¶A**, as enacted by PL 1991, c. 824, Pt. A, §1, is amended to read:

southerly along Sewall Street to the ~~northerly line of Wade Street where it intersects the westerly line of Sewall Street; thence westerly along the northerly line of Wade Street and thence continu-ing in a straight line westerly and parallel to Capi-tol Street to the easterly line of Florence Street; thence southerly along Florence Street to the point of beginning; and~~

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 12, 2015.

**Sec. 5. 38 MRSA §1208, 2nd ¶,** as amended by PL 2011, c. 104, §3, is further amended to read:

The treasurer of the district has full and complete authority and power to collect the rates, tolls, rents and other charges established under section 1202 ~~and the rate, toll, rent or other charge must be committed to the treasurer.~~ The treasurer may, after demand for payment, sue in the name of the district in a civil action for any rate, toll, rent or other charge remaining unpaid in any court of competent jurisdiction. In addition to other methods established by law for the collection of rates, tolls, rents and other charges, and without waiver of the right to sue for the rate, toll, rent or other charge, the lien created may be enforced in the following manner. The treasurer, ~~when a rate, toll, rent or other charge has been committed to the treasurer for collection,~~ may, after the expiration of 3 months and within one year after the date when the rate, toll, rent or other charge became due and payable, give to the owner of the real estate served, or leave at the owner's last and usual place of abode, or send by certified mail, return receipt requested, to the owner's last known address, a notice in writing signed by the treasurer or bearing the treasurer's facsimile signature, stating the amount of that rate, toll, rent or other charge, describing the real estate upon which the lien is claimed and stating that a lien is claimed on the real estate to secure the payment of the rate, toll, rent or other charge and demanding the payment of the rate, toll, rent or other charge within 30 days after service or mailing, with \$1 for the treasurer for mailing the notice together with the certified mail, return receipt requested, fee. The notice must contain a statement that the district is willing to arrange installment payments of the outstanding debt. For the purpose of this section, a mobile home is defined as real estate. After the expiration of a period of 30 days and within one year thereafter, the treasurer shall record in the registry of deeds of the county in which the property of such person is located a certificate signed by the treasurer or bearing the treasurer's facsimile signature setting forth the amount of such rate, toll, rent or other charge, describing the real estate on which the lien is claimed, and stating that a lien is claimed on the real estate to secure payment of the rate, toll, rent or other charge and that a notice and demand for payment of the rate, toll, rent or other charge has been given or made in accordance with this section and stating further that such rate, toll, rent or other charge remains unpaid. At the time of the re-

ording of any such certificate in the registry of deeds as provided, the treasurer shall file in the office of the district a true copy of such certificate and shall mail a true copy of the certificate by certified mail, return receipt requested, to each record holder of any mortgage on the real estate, addressed to such record holder at the record holder's last and usual place of abode. If the notice described in this paragraph was not provided to all persons who were record owners of the real estate at that time, the treasurer shall mail a true copy of the lien certificate by certified mail, return receipt requested, to any such record owner who was not provided a notice, addressed to the record owner at the record owner's last known address, as well as to any new record owner as of the date the lien certificate was recorded.

**Sec. 6. 38 MRSA §1208, 3rd ¶**, as amended by PL 2011, c. 104, §4, is further amended to read:

The filing of the certificate in the registry of deeds creates a mortgage on the underlying real estate to the district that has priority over all other mortgages, liens, attachments and encumbrances of any nature, except liens, attachments and claims for taxes, and gives to the district all the rights usually possessed by mortgagees, except that the district as mortgagee does not have any right to possession of the real estate until the right of redemption has expired. If the mortgage, together with interest and costs, has not been paid within 18 months after the date of filing of the certificate in the registry of deeds, the mortgage is deemed to be foreclosed and the right of redemption to have expired. The filing of the certificate in the registry of deeds is sufficient notice of the existence of the mortgage created in this paragraph. If the rate, toll, rent or other charge, with interest and costs, is paid within the period of redemption, the treasurer of the district shall discharge the mortgage in the same manner as for the discharge of tax lien mortgages pursuant to Title 36, section 943. After the expiration of the 18-month period of redemption, in the event a copy of the certificate has not been provided to a mortgage holder of record or an owner of record as required by this section, the mortgage holder of record or the owner of record who did not receive a notice has the right to redeem the real estate within 3 months after receiving actual knowledge of the recording of the lien certificate by payment or tender of the amount of the sewer lien mortgage, together with interest and costs, and to have the lien discharged.

**§1825-B. Bids, awards, contracts and grants**

**1. Purchases by competitive bidding.** The Director of the Bureau of General Services shall purchase collectively all goods and services for the State or any department or agency of the State in a manner that best secures the greatest possible economy consistent with the required grade or quality of the goods or services. Except as otherwise provided by law, the Director of the Bureau of General Services shall make purchases of goods or services needed by the State or any department or agency of the State through competitive bidding.

**2. Waiver.** The requirement of competitive bidding may be waived by the Director of the Bureau of General Services when:

A. The procurement of goods or services by the State for county commissioners pursuant to Title 30-A, section 124, involves the expenditure of \$2,500 or less, and the interests of the State would best be served;

B. The Director of the Bureau of General Services is authorized by the Governor or the Governor's designee to make purchases without competitive bidding because in the opinion of the Governor or the Governor's designee an emergency exists that requires the immediate procurement of goods or services;

C. After reasonable investigation by the Director of the Bureau of General Services, it appears that any required unit or item of supply, or brand of that unit or item, is procurable by the State from only one source;

D. It appears to be in the best interest of the State to negotiate for the procurement of petroleum products;

E. The purchase is part of a cooperative project between the State and the University of Maine System, the Maine Community College System, the Maine Maritime Academy or a private, non-profit, regionally accredited institution of higher education with a main campus in this State involving:

- (1) An activity assisting a state agency and enhancing the ability of the university system, community college system, Maine Maritime Academy or a private, nonprofit, regionally accredited institution of higher education with a main campus in this State to fulfill its mission of teaching, research and public service; and
- (2) A sharing of project responsibilities and, when appropriate, costs;

F. The procurement of goods or services involves expenditures of \$10,000 or less, in which case the Director of the Bureau of General Services may accept oral proposals or bids; or

G. The procurement of goods or services involves expenditures of \$10,000 or less, and procurement from a single source is the most economical, effective and appropriate means of fulfilling a demonstrated need.

**3. Report.** By January 15th of each year the Director of the Bureau of General Services shall submit to the joint standing committee of the Legislature having jurisdiction over state and local government a report concerning any waivers from the competitive bidding provisions established in subsection 2, paragraph E.

**4. Registry of suppliers.** Suppliers desiring to have their names entered on a registry of suppliers must submit a request to the Director of the Bureau of General Services in writing. The Director of the Bureau of General Services may prescribe the manner and form in which such a request must be submitted and may limit the number of names of out-of-state

bidders on any registry. The name of any supplier entered in such a registry who fails to submit a bid on 3 consecutive proposals or invitations to bid may be removed from the registry at the discretion of the Director of the Bureau of General Services, except that the Department of Corrections remains on any registry until the Department of Corrections requests that the department be removed from that registry.

**5. Alternate bids.** When, in bid forms and specifications, an article or material is identified by using a trade name and catalog number of a manufacturer or vendor, the term "or approved equal," if not inserted with the identification, is implied. There is a presumption that any reference to a particular manufacturer's product either by trade name or by limited description has been made solely for the purpose of more clearly indicating the minimum standard of quality desired. Consideration must be given to proposals submitted on approved equal alternate commodities to the extent that such action serves the best interest of the State. The bidder submitting a proposal on a commodity other than as specified shall furnish complete identification, descriptive literature or data with respect to the alternate commodity that the bidder proposes to furnish. Lack of such information on the bid must be construed to mean that the bidder proposes to furnish the exact commodity described. The State reserves the right to reject any bids, in whole or in part, to waive any formality or technicality in any bid and to accept any item in any bid.

**6. Record of bids.** Each bid, with the name of the bidder, must be entered on a record. Each record, with the successful bid indicated, must be open to public inspection after the letting of the contract or grant. A bond for the proper performance of each contract or grant may be required of each successful bidder at the discretion of the Director of the Bureau of General Services, with the approval of the Commissioner of Administrative and Financial Services.

**7. Awards to best-value bidder.** Except as otherwise provided by law, competitively awarded orders awarded, grants or contracts made by the Director of the Bureau of General Services or by any department or agency of the State must be awarded to the best-value bidder, taking into consideration the qualities of the goods or services to be supplied, their conformity with the specifications, the purposes for which they are required, the date of delivery and the best interest of the State. If the bidder that was initially awarded the order, grant or contract does not perform, the Director of the Bureau of General Services may cancel the order, grant or contract and award a new order, grant or contract to the 2nd best-value bidder. The order, grant or contract may not be awarded to a bidder that the Director of the Bureau of General Services determined was not in compliance at the time the initial bid was submitted.

**8. Tie bids.** The Director of the Bureau of General Services shall award contracts, grants or purchases to in-state bidders or to bidders offering commodities produced or manufactured in the State if the price, quality, availability and other factors are equivalent.

**9. Determination of best-value bidder.** In determining the best-value bidder, the Director of the Bureau of General Services or any department or agency of the State shall, for the purpose of competitively awarding a contract or grant, add a percent increase on the bid of a nonresident bidder equal to the percent, if any, of the preference given to that bidder in the state in which the bidder resides.

**10. List of state preferences published.** The Director of the Bureau of General Services on or before January 1st of each year shall publish a list of states that give preference to in-state bidders with the percent increase applied in each such state. The Director of the Bureau of General Services or any department or agency of the State may rely on the names of states and percentages as published in determining the best-value bidder without incurring any liability to any bidder.

**11. Rulemaking; unfair competition.** State departments and agencies may not achieve cost savings due to cost differentials that derive from a bidder's failure to provide health and retirement benefits to its employees. The State Purchasing Agent shall adopt rules governing the purchase of services and the awarding of grants or contracts for personal services to establish a basis for bid price and cost comparison among businesses that provide health and retirement benefits to their employees and those that do not provide these benefits. The rules must include a methodology for calculating bid price and cost differentials for services provided by businesses and state employees due to the provision of health and retirement benefits for employees. The rules must adjust the bid prices to establish an equivalent basis for bid price and cost comparison among businesses when awarding contracts or grants and between businesses and state employees when determining whether or not a contract or grant is permitted under section 1816-A. These rules must apply to all state departments and agencies. Rules adopted pursuant to this subsection are routine technical rules as defined in chapter 375, subchapter 2-A.

**12. Vendor's fee.** The State Purchasing Agent may collect a fee in an amount equal to 1% of the bid from a supplier of apparel, footwear or textiles with a winning bid under this section. The State Purchasing Agent shall apply the fee under this subsection to the costs of implementing and administering the state purchasing code of conduct under section 1825-L, including developing a consortium to monitor and investigate alleged violations of the code of conduct. The State Purchasing Agent shall adopt routine technical

rules under chapter 375, subchapter 2-A to carry out the purposes of this subsection.

**13. Vendor's fee report.** By January 15th of each year the Director of the Bureau of General Services shall submit a report to the joint standing committee of the Legislature having jurisdiction over state and local government matters concerning revenue generated by the vendor's fee established in subsection 12.

**14. Condition of doing business with the State.** Notwithstanding any provision of law to the contrary, any purchase by the State of \$100,000 or more of tangible personal property, except for public utility purchases, as defined in Title 36, section 1752, subsection 17, or emergency purchases pursuant to subsection 2, paragraph B, may be made only from a person who is registered as a seller pursuant to Title 36, section 1754-B. As a condition of doing business with the State, the seller must collect, report and remit taxes in accordance with Title 36, Part 3. As provided in this subsection, the State is prohibited from doing business with a person who is not registered as a seller pursuant to Title 36, section 1754-B and is not in compliance with the requirement to collect, report and remit taxes pursuant to Title 36, Part 3. After notification of the award, the seller must provide the State Purchasing Agent with a valid retailer certificate issued by the State Tax Assessor within 7 business days. If the seller fails to provide the registration certificate within 7 business days, the State Purchasing Agent may cancel the award and make a new award pursuant to subsection 7. The State Purchasing Agent shall provide the State Tax Assessor with a copy of all contracts and grants awarded pursuant to this section. The State Tax Assessor shall notify the State Purchasing Agent if at any time during the term of the contract or grant the person is no longer registered or is not collecting, reporting and remitting taxes in compliance with the requirements of Title 36, Part 3. Until the noncompliance is corrected, the State Purchasing Agent may withhold any payments to the person.

**Sec. 3. 5 MRSA §1825-C**, as amended by PL 2007, c. 466, Pt. A, §12, is further amended to read:

**§1825-C. Rulemaking**

The State Purchasing Agent shall adopt rules under this subchapter governing the purchase of services, the awarding of grants or contracts and the procedure by which aggrieved persons may appeal contract award decisions made by a department or agency of State Government. These rules must be adopted in accordance with the Maine Administrative Procedure Act and apply to all departments and agencies of State Government subject to the authority of the Department of Administrative and Financial Services as set forth in this chapter.

**Sec. 4. 5 MRSA §1825-D, first ¶**, as enacted by PL 1989, c. 785, §2, is amended to read:

The State Purchasing Agent shall make the public aware of contracts and grants for which bids are being requested and the procedure to be used in reviewing bids. Rules adopted under this subchapter must include a clear procedure:

**1. Notice.** For informing the public about contracts and grants for which proposals are being requested;

**3. Contract or grant award.** For determining successful bidders and awarding contracts and grants, including written notification to all bidders upon an award decision made pursuant to a request for proposals and criteria to be used to resolve tie bids; and

**4. Criteria for appeals.** For the review of any contract or grant award decision appealed under this subchapter.

**Sec. 6. 5 MRSA §1825-E**, as amended by PL 1993, c. 192, §1, is further amended to read:

**§1825-E. Appeal procedures**

The Director of the Bureau of General Services shall ensure that every department or agency of State Government affords aggrieved persons an opportunity to appeal a contract or grant award decision. As provided by this section, rules adopted under this subchapter must establish clear procedures by which an aggrieved person may appeal a contract or grant award decision.

**1. Stay.** Persons aggrieved by a contract or grant award decision may request a stay of a contract or grant award decision. Such a request must be made to the Director of the Bureau of General Services in writing within 10 days of notification of the contract or grant award and must state the nature of the grievance.

The Director of the Bureau of General Services shall issue a stay of a contract or grant award decision, pending appeal, upon a showing of irreparable injury to the petitioner, a reasonable likelihood of success on the merits, and no substantial harm to adverse parties or to the general public.

The Director of the Bureau of General Services shall notify the petitioner in writing of the director's decision regarding the issuance of a stay within 7 days of receipt of the request.

Failure of the petitioner to obtain a stay does not affect the petitioner's right to a hearing of appeal under this subchapter.

**2. Request for hearing of appeal.** Persons aggrieved by an agency contract or grant award decision

under this subchapter may request a hearing of appeal. Such a request must be made to the Director of the Bureau of General Services in writing within 15 days of notification of the ~~contract~~ award. The Director of the Bureau of General Services shall grant a hearing of appeal unless:

A. The Director of the Bureau of General Services determines that:

- (1) The petitioner is not an aggrieved person;
- (2) A prior request by the same petitioner relating to the same contract or grant award has been granted;
- (3) The request was made more than 15 days after notice of contract or grant award; or
- (4) The request is capricious, frivolous or without merit; or

B. No contract ~~award was granted~~ or grant was awarded.

The Director of the Bureau of General Services shall notify the petitioner in writing of the director's decision regarding a request for a hearing of appeal within 15 days of receipt of the request. If a request for a hearing is granted, notification must be made at least 10 days before the hearing date and must include the date and location of the hearing and the names of the appeal committee members.

**3. Appeal committee.** A committee of 3 members shall hear a petitioner's appeal within 60 days of receipt of the request for an appeal. The Commissioner of Administrative and Financial Services shall appoint 2 members of an appeal committee, except that persons who have any direct or indirect personal, professional or financial conflict of interest in the appeal or employees of any department affected by the contract or grant may not serve on the appeal committee. The 3rd member is the Director of the Bureau of General Services or the director's designee.

Members of an appeal committee appointed under this section shall meet at the appointed time and place in the presence of the petitioner and such individuals as the petitioner determines necessary for a full and fair hearing. The petitioner may present to the appeal committee any materials the petitioner considers relevant to the appeal.

The appeal committee shall keep a written record of each hearing and shall submit its decision and the reasons for its decision to the Director of the Bureau of General Services in writing no later than 15 days following the hearing of appeal.

Subject to the requirements of rules adopted under this section and evidence presented during a hearing of appeal, the appeal committee may decide either to:

A. Validate the contract or grant award decision under appeal; or

B. Invalidate the contract or grant award decision under appeal.

Except as provided in paragraph B, an appeal committee may not modify the contract or grant award under appeal, or make a new ~~contract~~ award. Contracts or grants found invalid by an appeal committee under this subchapter become immediately void and of no legal effect.

**Sec. 7. 5 MRSA §1825-G**, as enacted by PL 1989, c. 785, §2, is amended to read:

**§1825-G. Failure to act**

Failure or refusal of the State Purchasing Agent to adopt rules under this subchapter is sufficient grounds for an aggrieved person to request judicial review of agency rulemaking pursuant to section 8058. In the event that a judicial declaration of an invalid rule is made under this section and section 8058, the contract or grant award under appeal becomes immediately void and of no legal effect.

**An Act Concerning the Review  
of Certain Projects under the  
Site Location of Development  
Laws**

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 35-A MRSA §3451, sub-§§1-D and 1-E** are enacted to read:

**1-D. Combined observation.** "Combined observation" means a view from a scenic resource of state or national significance of more than one group of generating facilities located within the viewshed of the scenic resource of state or national significance within the field of view of a stationary viewer.

**1-E. Cumulative scenic impact or effect.** "Cumulative scenic impact or effect" means the potential adverse effect on the scenic character and existing uses related to the scenic character of scenic resources of state or national significance resulting from the incremental impact of a proposed wind energy development when added to the effects of other existing, permitted or pending wind energy developments within the viewshed of a scenic resource of state or national significance. For the purposes of this subsection, a pending wind energy development is a wind energy development for which an application has been submitted to and determined complete for processing by the department. A determination of cumulative scenic impact or effect may be based upon the combined observation, successive observation or sequential observation of wind energy developments located within the viewshed of a scenic resource of state or national significance as viewed from a scenic resource of state or national significance.

**Sec. 2. 35-A MRSA §3451, sub-§§9-A and 9-B** are enacted to read:

**9-A. Sequential observation.** "Sequential observation" means a view of more than one group of generating facilities located within the viewshed of a scenic resource of state or national significance as the viewer travels along the portion of a linear route that is located within the viewshed of a scenic resource of state or national significance. For the purposes of this subsection, a linear route is a scenic resource of state or national significance that is a trail that is used exclusively for pedestrian use and has been designated as a national scenic trail.

**9-B. Successive observation.** "Successive observation" means views from a scenic resource of state or national significance of more than one group of generating facilities located within the viewshed of a scenic resource of state or national significance from a single viewpoint as a result of a viewer turning the viewer's head or body.

**Sec. 3. 35-A MRSA §3451, sub-§10-A** is enacted to read:

**10-A. Viewshed of a scenic resource of state or national significance.** "Viewshed of a scenic resource of state or national significance" means the geographic area as viewed from a scenic resource of state or national significance that includes the proposed wind energy development. The viewshed of a scenic resource of state or national significance may include the proposed wind energy development visible from a single viewer position or the proposed wind energy development visible from multiple viewer positions. The viewshed of a scenic resource of state or national significance is limited to the geographic area within 8 miles, measured horizontally, from the proposed wind energy development's generating facilities.

**Sec. 4. 35-A MRSA §3452, sub-§3,** as enacted by PL 2007, c. 661, Pt. A, §7, is amended to read:

**3. Evaluation criteria.** In making its determination pursuant to subsection 1, and in determining whether an applicant for an expedited wind energy development must provide a visual impact assessment in accordance with subsection 4, the primary siting authority shall consider:

- A. The significance of the potentially affected scenic resource of state or national significance;
- B. The existing character of the surrounding area;
- C. The expectations of the typical viewer;
- D. The expedited wind energy development's purpose and the context of the proposed activity;
- E. The extent, nature and duration of potentially affected public uses of the scenic resource of state or national significance and the potential effect of the generating facilities' presence on the public's continued use and enjoyment of the scenic resource of state or national significance; and
- F. The scope and scale of the potential effect of views of the generating facilities on the scenic resource of state or national significance, including but not limited to issues related to the number and extent of turbines visible from the scenic resource of state or national significance, the distance from the scenic resource of state or national significance and the effect of prominent features of the development on the landscape.

In applying these criteria, the primary siting authority shall consider the primary impact and the cumulative scenic impact or effect of the development during both day and night on scenic resources of state or national significance. In evaluating cumulative scenic impact or effect associated with sequential observation, the department shall consider, in addition to the criteria in this subsection, the distance between viewpoints on the linear route and other forms of development along the linear route that effect the expectation of the user of the scenic resource of state or national significance. A finding by the primary siting authority that the development's generating facilities are a highly visible feature in the landscape is not a solely sufficient basis for determination that an expedited wind energy project has an unreasonable adverse effect on the scenic character and existing uses related to scenic character of a scenic resource of state or national significance. In making its determination under subsection 1, the primary siting authority shall consider insignificant the effects of portions of the development's generating facilities located more than 8 miles, measured horizontally, from a scenic resource of state or national significance.

**CHAPTER 228**  
**H.P. 711 - L.D. 1028**

**An Act To Amend the Laws  
Concerning the Registration of  
Professional Engineers**

**Emergency preamble.** Whereas, acts and resolves of the Legislature do not become effective until 90 days after adjournment unless enacted as emergencies; and

**Whereas,** the State Board of Licensure for Professional Engineers currently lacks the statutory ability to provide an equitable solution for licensure renewal that does not unfairly burden a licensee whose license has lapsed prior to renewal and who was licensed under a prior experience-based pathway to licensure; and

**Whereas,** this legislation will restore fairness to the statutes governing the State Board of Licensure for Professional Engineers by providing the board with the discretion to waive overly burdensome renewal requirements and should be enacted immediately in order to protect engineers who are in danger of losing their licenses; and

**Whereas,** in the judgment of the Legislature, these facts create an emergency within the meaning of the Constitution of Maine and require the following legislation as immediately necessary for the preservation of the public peace, health and safety; now, therefore,

**Be it enacted by the People of the State of Maine as follows:**

**Sec. 1. 32 MRSA §1357,** as amended by PL 2013, c. 296, §6, is further amended to read:

**§1357. Expiration and renewals**

Licenses expire on the last day of December of ~~each odd-numbered year following their issuance or renewal and become invalid on that date unless renewed year and a licensee may not practice professional engineering with an expired license.~~ The board shall notify every person licensed under this chapter of the date of the expiration of that person's license and the amount of the fee that is required for its renewal for a 2 year period, ~~except when the applicant has become licensed during the first year of the 2 year period, then the renewal fee is for the remaining one year of that 2 year period.~~ The notice must be provided at least one month in advance of the date of the expiration of the license. ~~Renewal may be effected at any time~~ A license may be renewed after completion of ~~continuing education~~ professional development requirements and after receipt of notice by the payment of a fee established by rule by the board, which may not exceed \$50 ~~\$200~~ annually. Licenses may be renewed up to 90 days after the date of expiration upon payment of a late fee ~~of \$10~~ established by rule by the

board in addition to the renewal fee. Any person who submits an application for renewal more than 90 days after the license renewal date is subject to all requirements governing new applicants under this chapter, except that if the renewal application is made within 3 years from the date of the expiration the board may in its discretion, giving due consideration to the protection of the public, waive examination if the renewal application is made within 3 years from the date of the expiration any additional qualifications if the licensee has held a license for at least 10 years, has completed all professional development requirements and has never been subject to discipline in this or any other jurisdiction.

**Sec. 2. Retroactivity.** This Act applies retroactively to January 1, 2011.

**Emergency clause.** In view of the emergency cited in the preamble, this legislation takes effect when approved.

Effective June 22, 2015.

In order to state a claim for foreclosure upon which relief can be granted, the complaint must contain a certification of proof of ownership of the mortgage note. The mortgagee shall certify proof of ownership of the mortgage note and produce evidence of the mortgage note, mortgage and all assignments and endorsements of the mortgage note and mortgage. The complaint must allege with specificity the plaintiff's claim by mortgage on such real estate, describe the mortgaged premises intelligibly, including the street address of the mortgaged

premises, if any, which must be prominently stated on the first page of the complaint, state the book and page number of the mortgage, if any, state the existence of public utility easements, if any, that were recorded subsequent to the mortgage and prior to the commencement of the foreclosure proceeding and without mortgagee consent, state the amount due on the mortgage, state the condition broken and by reason of such breach demand a foreclosure and sale. **2. Program scope; limits on generating capacity.** The commission shall limit participation in the program in accordance with this subsection.

A. The ~~installed~~ net generating capacity of a program participant may not exceed 10 megawatts.

B. The total ~~installed~~ net generating capacity of all program participants combined may not exceed 50 megawatts.

D. Of the 50-megawatt limit on total net generating capacity under paragraph B, ~~40~~ 2 megawatts must be reserved at the outset of the program for program participants that:

- (1) Have ~~an installed~~ a net generating capacity of less than 100 kilowatts; or
- (2) Are located in the service territory of a consumer-owned transmission and distribution utility.

The commission may modify the amount of net generating capacity reserved under this paragraph based on program experience.

E. The total installed net generating capacity of program participants that receive the renewable energy credit multiplier incentive under section 3605 may not exceed 10 megawatts.

**Sec. 3. 35-A MRSA §3609**, as enacted by PL 2009, c. 329, Pt. A, §4, is repealed.

All community-based renewable energy projects that have been selected for a long-term contract must become operational and commence generating electricity by December 31, 2018.

**Sec. 5. Viability assessment; request for proposals.** The Public Utilities Commission shall review all certified program participant projects under the Maine Revised Statutes, Title 35-A, section 3603 that have not yet reached commercial operations to determine whether the projects are reasonably likely to achieve commercial operations within a 3-year period. For those projects the commission determines will not be viable within a 3-year period, the commission must revoke any contract awarded, but the project may still remain certified. To the extent there is less capacity remaining than is allowed under Title 35-A, section 3603, subsection 2 after the removal of nonviable projects, the commission shall conduct an expedited request for proposals to select community-based renewable energy projects to become program participants and enter into long-term contracts. A project under this process may not elect to choose the renewable energy credit multiplier incentive under Title 35-A, section 3605, and those projects that are operational and have elected the renewable energy credit multiplier do not count towards the 50-megawatt cap on net generating capacity under Title 35-A, section 3603, subsection 2. The commission shall select the projects that provide the most benefit to ratepayers and that have contract pricing levels below 10¢ per kilowatt hour within each contract year. To the maximum extent practicable, the commission must select projects to provide for a total net generating capacity for all projects to meet the maximum allowance under Title 35-A, section 3603, subsection 2 of 50 megawatts.

**2. **3. Notice of foreclosure; designation of representative.** When initiating a foreclosure action on a property, a foreclosing mortgagee shall notify the municipality where the property is situated and designate an in-state representative responsible for responding to municipal inquiries regarding the property. C. An order issued by the municipality determining that a mobile home is abandoned may be combined with the notice to correct set forth in subsection 5.

D. State the municipality's intention to subsequently recover the municipality's direct, legal and administrative costs from the responsible party;

E. Inform the responsible party of the responsible party's ability to avert the municipality's actions by remedying the property defect as identified in the notice; and

F. State the municipality's intention to take possession of and dispose of the mobile home and all related personal property if the responsible party has not remedied the property defect identified within 60 days of the notice to correct.

**6. Notice process.** A notice required to be given under this section is governed by the following.

A. Notice must be hand-delivered or mailed by certified mail, return receipt requested, to the responsible party. Notice is sufficient if the signed receipt is returned or the certified mail is returned as refused by the recipient.

If the name or address of the responsible party cannot be determined with reasonable diligence, or notice was otherwise not successful pursuant to paragraph A, the notice must be published twice consecutively in a daily or weekly newspaper having general circulation in the municipality in which the mobile home is located.

**7. Costs.** A responsible party is jointly and severally liable to a municipality for its direct, legal and administrative costs incurred while remedying or attempting to remedy the property defect pursuant to this section. The responsible party shall reimburse the municipality for its costs within 30 days after demand, or a special tax may be assessed against the property in the amount of those costs and may be collected in the same manner as other state, county and municipal taxes are collected.

**4-A. Procurement of cost-effective energy efficiency resources.** The commission shall ensure that transmission and distribution utilities on behalf of their ratepayers procure all electric energy efficiency resources found by the commission to be cost-effective, reliable and achievable pursuant to section 10104, subsection 4, except that the commission may not require the inclusion in rates under this subsection of a total amount that exceeds 4% of total retail electricity and transmission and distribution sales in the State as determined by the commission by rule. **3. Related person.** As used in this section, "related person" has the meaning set forth in section 871, subsection 3.

The Maine Land Use Planning Commission may, by rule adopted in accordance with Title 5, chapter 375, ~~establish standards for the addition of and~~ add a specified place in the ~~State's~~ unorganized ~~or~~ and deorganized areas to the expedited permitting area. In order to add a specified place to the expedited permitting area, the Maine Land Use Planning Commission must determine that the proposed addition to the expedited permitting area:

**1. Geographic extension.** Involves a logical geographic extension of the currently designated expedited permitting area, except that the addition of a specified place that was previously removed from the expedited permitting area in accordance with section 3453-A, subsection 1 need not satisfy this requirement;

**2. Meets state goals.** Is important to meeting the state goals for wind energy development established in section 3404; and

**3. Consistent with comprehensive land use plan.** ~~Would not compromise~~ is consistent with the principal values and the goals identified in the comprehensive land use plan adopted by the Maine Land Use Planning Commission pursuant to Title 12, section 685-C.

Rules adopted by the Maine Land Use Planning Commission pursuant to this section are routine tech-

nical rules as defined in Title 5, chapter 375, subchapter 2-A.

**Sec. 8. 35-A MRSA §3453-A** is enacted to read:

**§3453-A. Removal from the expedited permitting area**

The Maine Land Use Planning Commission may, by rule adopted in accordance with Title 5, chapter 375, remove a specified place in the unorganized and deorganized areas from the expedited permitting area as described in this section.

**1. Removal by petition.** The Maine Land Use Planning Commission shall, by rule, remove a specified place in the unorganized and deorganized areas from the expedited permitting area if:

A. The specified place is a township, plantation, municipality or portion thereof that has been identified pursuant to section 3451, subsection 3, paragraph B;

B. The Maine Land Use Planning Commission receives a petition on or before June 30, 2016 requesting the removal of the specified place from the expedited permitting area that:

(1) Clearly states that the persons signing the petition are requesting the removal of the specified place from the expedited permitting area;

(2) Is signed by at least 10% of the number of registered voters residing in the township, plantation, municipality or portion thereof that voted in the most recent gubernatorial election; and

(3) Is on a form consistent with Title 5, section 8055, a form provided by the Maine Land Use Planning Commission or a form otherwise determined to be sufficient for the purposes of this subsection by the Maine Land Use Planning Commission; and

C. A person does not request substantive review of the petition for removal pursuant to subsection 3 within 45 days of the Maine Land Use Planning Commission posting notice of receipt of the petition on its publicly accessible website.

The removal of a specified place from the expedited permitting area under this subsection may not prejudice any subsequent petition presented to the Maine Land Use Planning Commission to add the specified place back into the expedited permitting area under section 3453.

**2. Notice of receipt of petition.** Within 5 business days of receipt of a petition for removal under subsection 1, the Maine Land Use Planning Commission shall post notice of receipt of the petition, along

with a copy of the petition, on its publicly accessible website. The notice must specify that a person may request substantive review of the petition pursuant to subsection 3. A petition for removal of a specified place from the expedited permitting area is considered pending upon notice of receipt of a petition being posted on the commission's publicly accessible website. The Maine Land Use Planning Commission shall maintain a distribution list of persons who have requested to receive notice of commission receipt of petitions for removal and promptly notify persons on the list when a petition is received. Notwithstanding any other law to the contrary, additional notice of receipt of a petition for removal and additional notice associated with rulemaking to remove a specified place pursuant to subsection 1 is not required.

**3. Removal by petition with review.** A person may, in writing, request substantive review of a petition for removal under subsection 1 by the Maine Land Use Planning Commission. Upon receipt of a timely filed request for substantive review, if the commission finds the requirements of subsection 1, paragraphs A and B are satisfied, the commission shall, by rule, remove a specified place in the unorganized and deorganized areas from the expedited permitting area if it finds the proposed removal:

A. Will not have an unreasonable adverse effect on the State's ability to meet the state goals for wind energy development in section 3404, subsection 2, paragraph C; and

B. Is consistent with the principal values and the goals in the comprehensive land use plan adopted by the Maine Land Use Planning Commission pursuant to Title 12, section 685-C.

**4. Notice of petition review and opportunity for public hearing.** Upon receipt of a request for substantive review of a petition for removal pursuant to subsection 3, the Maine Land Use Planning Commission shall, based on available tax records, notify property owners in the specified place of the petition and the request for review, provide an opportunity for public comment on the petition and conduct a public hearing if 5 or more persons request a hearing.

**5. Exceptions.** The following specified places may not be removed from the expedited permitting area under this section:

A. Any specified place within the project boundary of an existing or proposed, legally permitted expedited wind energy development, unless the development permit is revoked or withdrawn;

B. Any specified place within the project boundary of a proposed expedited wind energy development, as described in the development permit application, that has been accepted for processing by the Department of Environmental Protection,

unless the development permit application is denied; and

C. Any specified place added by rule to the expedited permitting area in accordance with section 3453 prior to January 1, 2016.

As used in this subsection, "project boundary" means the geographic limits of an existing or proposed expedited wind energy development, as defined by the deeded geographic boundaries of the parcel or parcels of land on which the development or portions thereof are located or proposed to be located.

**6. Fee.** If a person requests substantive review of a petition for removal under subsection 3, notwithstanding Title 12, section 685-F, subsection 1 or any other provision of law to the contrary, the director of the Maine Land Use Planning Commission may assess a processing fee associated with the rulemaking, consistent with the fee that may be collected under Title 12, section 685-F, subsection 2, to cover actual costs, including costs associated with any notice or public hearing and the processing of the rule-making petition for removal. The director also may assess a similar fee to cover actual costs associated with petitions to add a specified place to the expedited permitting area under section 3453.

**7. Rulemaking.** The Maine Land Use Planning Commission may adopt rules implementing this section. Rules adopted pursuant to this section are routine technical rules as defined in Title 5, chapter 375, subchapter 2-A. Rules adopted pursuant to subsection 3 need not meet the requirements of Title 5, section 8053-A or 8060 but must meet all other applicable requirements in Title 5, chapter 375.
